

Summer SCHOOL

Dear Parents,

We are pleased to announce our 2020 Summer School schedule! Summer school will be offered concurrently at both Edison North and Edison South, **July 27-August 7 from 8:30am-11:30am** Monday through Friday. Teachers will be focusing on math and reading skills and will plan their lessons according to the needs of the students who enroll.

Summer school provides an excellent opportunity for students to review essential concepts and brush up on skills over the summer break. Teachers will also consider students who would greatly benefit from the extra instruction and practice available during summer school. They will be contacting parents beginning this week to make personal invitations if they haven't already contacted you. If you receive an invitation or if you are interested in giving your student a chance to get back in the swing of the school routine a bit ahead of time, please seriously consider enrolling your students as this will enhance their educational experience. Even if your children excel, summer school is a great opportunity to keep them "sharp" and ready for next year.

The cost for summer school will be \$75.00 per student. This works out to about \$2.50 per hour, which is less than daycare and much less than many of the summer school programs offered around the valley. Students are expected to follow the school dress code during summer classes. Please see the parent handbook at thomased.org if you have questions. Closed-toed shoes are required for your child's safety. If you would like to have your child attend summer school, please call the campus you would like them to attend and **register by Friday, May 1st** to assure we have instructors in place before the end of the school year. Please give the secretary academic information about your child's summer school needs. **Payment is due by May 15th.** Class size is limited so register right away!

We are also offering a list of teachers and aides that have a desire to tutor over the summer. If you would like your child to have individualized or small group tutoring, please email me or ask a school secretary and we will send you a list of possible tutors along with their specialty and rate of pay. These tutors are offering the sessions privately and the school is listing them as a courtesy to you, the parents.

We look forward to sharing more knowledge with your children this summer!

Sincerely,

Carolyn Larsen

Director of Instruction
