## This Helps Our School With Funding

The state looks at many things when funding schools. One of them is the number of students listed on the Declaration of Household Income. Submitting an accurate account to the state may increase certain types of funding for the school

We ask that ALL parents complete and return the form. Explanation: Please list the names of ALL students in your household at the top and follow the instructions. Make sure to check the box indicated if your income is OVER the amounts listed and then sign the bottom of the form.

If you have any questions, please call the office at 435-787-2820.
