

## Thomas Edison North North Parking Lot

### Drop-off and Pick-up Safety Guidelines

- Be **patient** and **courteous**. Everyone's goal is student safety.
- Pay attention to all pedestrian and vehicle traffic in your area.
- Make a plan with your children for your time and location of pick-up. Have a back-up plan in case you are running late or not able to be at your preferred location.
- Avoid backing up during busy traffic times. If using a parking stall, plan to wait a few minutes until traffic has cleared or back into a parking stall before school is dismissed so you can drive forward to exit the stall.
- Heavy congestion usually lasts less than ten minutes immediately after school. To avoid congestion during pick-up time, you may want to come 10 minutes after school is dismissed. Note—all students should be picked up within 20 minutes of the end of school unless students are in tutoring or an after school club.

Local law enforcement requires that there is no parking along the south side of 2600 North leading up to the entrance of the parking lot during pick-up time. This portion of 2600 North becomes an extension of the pick-up lane and drivers should stay in their vehicle and pull forward as the line moves up.

#### Pick-up and Drop-off Lane :

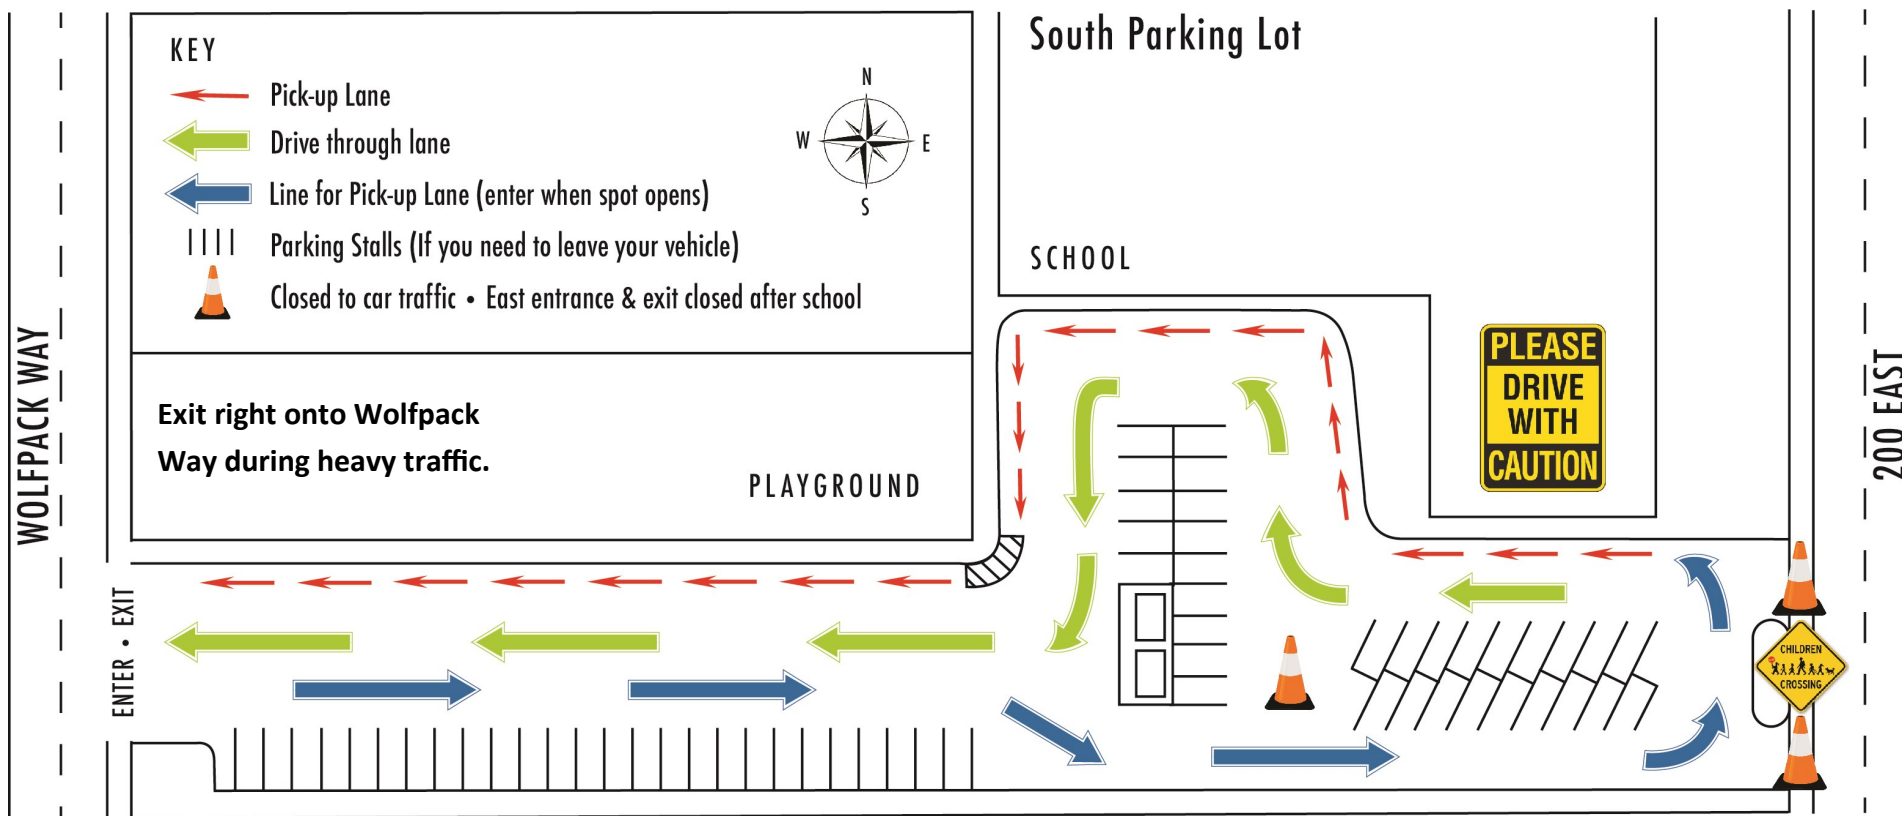

- Do not park in this lane.
- Stay in your car. Pull forward through the half-circle as the line moves up to allow others further back to enter the lot.

#### Drive-through Lane :

- After picking-up or dropping-off children, please pull carefully into the drive-through lane and exit the parking lot.
- Do not pick-up or drop-off children in the drive-through lane.

**The 200 East entrance and exit will be closed to car traffic during pick-up times.**

- Mondays-Thursdays 2:58-3:15
- Fridays 1:28-1:45

#### Parking Stalls:

- If you need to leave your vehicle, use a parking stall.
- Do not have your children come to your vehicle in a parking stall during pick-up. If you are parked in a stall, leave your vehicle, walk to the curb to meet your children, and walk them back to your vehicle.
