Re: Thomas Edison Charter School – South Campus Addition

Dear Mr. Ford,

I am the Architect of Record for the Thomas Edison Charter School South Campus Addition. Your letter dated November 5, 2014, is requesting confirmation of no Asbestos materials being placed in the construction of the above mentioned project.

I can confirm that no hazardous materials were specified as part of the project, and to the best of my knowledge, no hazardous materials were constructed in the project as well.

Sincerely,

Joseph T. Beck, AIA
