The state looks at many things when funding schools. One of them is the number of students listed on the Declaration of Household Income. ***Submitting an accurate account to the state may increase certain types of funding for the school.***

**We ask that all parents complete and return the form.** You do **NOT** need to disclose the level of income. It is a guideline for you to use in your determination.

Check the box indicating whether or not you meet the guidelines. List the names of all students in your household and sign the form.

If you have any questions, please call the school at 435-752-0123.

Please complete and return this form **whether you qualify or not**. This gives the school important information and affects certain funding items and how state test scores are reported and perceived.

## Thomas Edison Charter School South Declaration of Household Income - 2018-2019

The form is for the exclusive use of Utah charter schools which do NOT offer a federally supported school meals program. Acceptable completion of this form does NOT confer any meal benefits on the student.
