I. GENERAL PROVISIONS

I.A. PURPOSES (34 CFR § 300.1; RULES I.A.)

1. The primary purposes of this Thomas Edison Charter Schools' (TECS) policies and procedures manual, consistent with Utah Code Annotated (UCA) Title 53E, Chapter 7, Part 2, Special Education Program; and the Individuals with Disabilities Education Improvement Act (IDEA), as amended; are:
 - a. To ensure that all students with disabilities ages 3 through 21 in Utah, including students with disabilities who have been suspended or expelled from school and students who have not graduated from high school with a regular high school diploma, have available to them a free appropriate public education
 - b. (FAPE) that emphasizes special education and related services, as specified on an Individualized Education Program (IEP) designed to meet their unique needs and prepare them for further education, employment, and independent living;
 - c. To ensure that the rights of students with disabilities and their parent(s) are protected;
 - d. To ensure that State standards are established for the provision of a FAPE to students with disabilities, as defined in the Rules;
 - e. To assess and ensure the effectiveness of efforts to educate students with disabilities.

I.B. DEFINITIONS AS USED IN THESE RULES (34 CFR §§ 300.4–300.45; RULES I.E.)

1. TECS has adopted all applicable definitions as found in Rule I.E. 1-59.

I.C. FULL EDUCATIONAL OPPORTUNITY GOAL (34 CFR § 300.109; RULES IX.A.2.D.(2)(C))

1. TECS provides a free appropriate public education (FAPE) to all eligible students with disabilities in conformity with the requirements of the Rules and the IDEA. TECS hereby affirms the goal of providing a full educational opportunity to all students with disabilities determined eligible for special education and related services, of the ages served by TECS, in accordance with all of the timeline requirements of the IDEA. TECS follows all necessary requirements in the development and delivery of an individualized education program (IEP) for eligible students. Placement in the least restrictive environment (LRE) will be implemented to the maximum extent appropriate for students with special needs. TECS provides a continuum of placements to address the needs of students with disabilities to ensure those students receive special education and related services appropriate to their needs.

I.D. METHODS OF ENSURING SERVICES (34 CFR § 300.154; RULES IX.A.2.d.(2)(M))

1. TECS ensures each eligible student with disabilities enrolled in the school receives the services included in the IEP through a systematic process of IEP internal file reviews and monitoring of service delivery by TECS personnel.

II. IDENTIFICATION, LOCATION, AND EVALUATION

II.A. CHILD FIND SYSTEM (34 CFR §§ 300.109, 300.111; RULES II.A.)

1. TECS, in accordance with the requirements of Part B of the IDEA and with the Rules, has developed policies and procedures to ensure that all students with disabilities residing within the jurisdiction of the LEA, including students with disabilities birth through 21 years of age and, regardless of the severity of their disability, and who are in need of special education and related services, are identified, located, and evaluated. These policies and procedures include a practical method for determining which students are currently receiving needed special education and related services and provide a process to reevaluate those who are found eligible within the three-year timeframe.
2. The requirements of this section apply to:
 - a. Highly mobile students with disabilities (such as students who are migrant and experiencing homelessness) (34 CFR § 300.111(c)(2)).
 - b. Students who have been suspended or expelled from school (34 CFR § 300.101(a)).
 - c. Students who have not graduated from high school with a regular high school diploma (34 CFR § 300.102(a)(3)(iii)).
 - d. Students who are suspected of being a student with a disability under the Rules and who are in need of special education and related services, even though they are advancing from grade to grade (34 CFR § 300.111(c)(1)).
 - e. Students who are homeschooled and students enrolled in private schools within the school district's boundaries.
 - f. Students in State custody/care.
 - g. Students in nursing homes.
3. Public charter schools are responsible for child find for students enrolled in their own school and have no responsibility for child find for students in private schools. Charter schools may not refer enrolled students to the local school district for child find.
4. The determination that a student is a "student with a disability" under the Rules must be made on an individual basis, by a group made up of the parent and school personnel determined by the student's LEA.
5. Major components of the child find system include:
 - a. LEA implementation, coordination, and tracking of child find activities and students identified, (34 CFR § 300.131).
 - b. USBE staff provision of ongoing technical assistance to LEAs, private schools, and other State agencies in implementing the child find system.

- c. Implementation of the statewide data collection system for reporting student information, including Federal student count (34 CFR §§ 300.132, 300.640– 641) and the data requirements found in the Rules VI.B.3., which includes that:
 - (1) Each school district must maintain in its records, and provide to the USBE staff annually, the following information related to parentally placed nonprofit private school students:
 - (a) The number of students evaluated and reevaluated within three years;
 - (b) The number of students determined to be students with disabilities; and
 - (c) The number of students served.
6. The collection and use of data to meet the requirements of this section are subject to the confidentiality of information provisions under the Rules and R277-487.

II.B. REFERRAL (34 CFR § 300.301; RULES II.B.)

1. Consistent with the consent requirements in Rules II.C., either a parent or an LEA may initiate a request for an initial evaluation to determine if a student is a student with a disability under Part B of the IDEA and the Rules. Upon receipt of a request for an evaluation, TECS must respond within a reasonable timeframe. The response may not be delayed due to TECS's Response to Intervention process.
2. TECS shall provide an initial special education assessment for children who enter the custody of the Division of Child and Family Services (DCFS), upon request by that division and the LEA obtains appropriate parental consent for the evaluation for children whose school records indicate that they may have disabilities requiring special education services.

II.C. PARENTAL CONSENT (34 CFR § 300.300; RULES II.C.)

1. Parental consent for initial evaluation.
 - a. The LEA proposing to conduct an initial evaluation to determine if a student qualifies as a student with a disability under the Rules must, after providing prior written notice to the parent, obtain informed consent, consistent with Rules I.E.9, from the parent of the student before conducting the evaluation.
 - (1) Consent from a parent for initial evaluation must not be construed as consent for initial provision of special education and related services.
 - (2) TECS must make reasonable efforts to obtain informed consent from the parent for an initial evaluation to determine whether the student is a student with a disability.
 - (3) When conducting psychological evaluations, TECS must implement the parental consent requirements of UCA 53E-9-203 (Student Privacy and Data Protection).

- b. For initial evaluations only, if the student is a ward of the State and is not residing with the student's parent(s), TECS is not required to obtain informed consent from the parent for an initial evaluation to determine whether the student is a student with a disability if:
 - (1) Despite reasonable efforts to do so, TECS cannot discover the whereabouts of the parent(s) of the student;
 - (2) The rights of the parent(s) of the student have been terminated in accordance with State law; or
 - (3) The rights of the parent(s) to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.
- c. If the parent(s) of a student or a student who is an adult enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation, or fails to respond to a request to provide consent, TECS may, but is not required to, pursue the initial evaluation of the student by utilizing the procedural safeguards or the due process procedures in Section IV of the Rules.
 - (1) TECS does not violate its obligation under the child find provisions of the Rules if it declines to pursue the evaluation by utilizing the procedural safeguards or the due process procedures.

2. Parental consent for services.

- a. TECS that is responsible for making a FAPE available to a student with a disability must obtain informed consent from the parent(s) of the student before the initial provision of special education and related services to the student.
- b. TECS must make reasonable efforts to obtain informed consent from the parent(s) for the initial provision of special education and related services to the eligible student with disabilities.
- c. If the parent(s) of a student fails to respond to a request for, or refuses to consent to, the initial provision of special education and related services, TECS:
 - (1) May not use the procedures in of the Rules IV., including the mediation procedures or the due process procedures, in order to obtain agreement or a ruling that the services may be provided to the student;
 - (2) Will not be considered to be in violation of the requirement to make available a FAPE to the student for the failure to provide the student with the special education and related services for which TECS requests consent; and
 - (3) Is not required to convene an IEP Team meeting or develop an IEP for the student for the special education and related services for which TECS requests such consent.

- d. If, at any time subsequent to the initial provision of special education and related services, the parent(s) of a student revokes consent in writing for the continued provision of special education and related services, TECS:
 - (1) May not continue to provide special education and related services to the student but must provide prior written notice in accordance with Rules IV.D. before ceasing the provision of special education and related services;
 - (2) May not use the procedures in Rules IV., including the mediation procedures or the due process procedures, in order to obtain agreement or a ruling that the services may be provided to the student;
 - (3) Will not be considered to be in violation of the requirement to make available a FAPE to the student for the failure to provide the student with the special education and related services for which TECS requests consent; and
 - (4) Is not required to convene an IEP Team meeting or develop an IEP for the student for the special education and related services for which TECS requests such consent (34 CFR § 300.300).
3. Parental consent for reevaluations.
 - a. TECS must obtain informed parental consent prior to conducting any reevaluation of a student with a disability.
 - b. If the parent refuse to consent to the reevaluation, TECS may, but is not required to, pursue the reevaluation by using the dispute resolution procedures provided in the procedural safeguards, and including mediation or due process procedures.
 - c. TECS does not violate its obligation under child find if it declines to pursue the reevaluation.
 - d. The informed parental consent need not be obtained if the LEA can demonstrate that:
 - (1) It made reasonable efforts to obtain such consent; and
 - e. The student's parent has failed to respond.
4. Other consent requirements.
 - a. Parental consent is not required before:
 - (1) Reviewing existing data as part of an evaluation or a reevaluation; or
 - (2) Administering a test or other evaluation that is administered to all students unless consent is required for all students before administration of that test or evaluation.

- b. TECS may not use a parent's refusal to consent to one service or activity under Rules II.C.1., II.C.2., or II.C.3., to deny the parent or student any other service, benefit, or activity of the LEA, except as required by this part.
- c. To meet the reasonable efforts requirement in Rules II.C.1.a.2., II.C.1.b.1., II.C.2.b., and II.C.3.d.1., TECS must document its attempts to obtain parental consent using the procedures in Rules III.G.3.
- d. Unless parent(s) revoke consent for special education and related services or refuse consent for initial placement, disagreements regarding the provision of IEP services should be resolved by the IEP Team and result in a completed IEP which includes all components necessary for the provision of FAPE.

II.D. INITIAL EVALUATION (34 CFR § 300.301; RULES II.D.)

- 1. TECS must conduct a full and individual initial evaluation to determine whether a student is a “student with a disability” under Part B of the IDEA and the Rules, and to determine the educational needs of the student.
- 2. The initial evaluation:
 - a. Must be conducted within 45 school days of receiving parental consent for the evaluation, unless:
 - (1) The initial evaluation is requested by the Division of Child and Family Services (DCFS) and TECS obtains appropriate consent for the evaluation, in which case TECS shall provide an initial special education evaluation to an individual who enters DCFS custody if DCFS suspects the individual may be an eligible student within 30 days after the day on which DCFS makes the request (UCA 53E-7-207).
 - (a) TECS may refuse to conduct an evaluation described in the Rules II.a.(1). if TECS reviews the relevant data regarding the individual and, within ten days after the day on which TECS received the request described in the Rules II.a.(1)., gives the DCFS prior written notice of refusal to evaluate.
 - b. Must consist of procedures to determine:
 - (1) If the student is a student with a disability; and
 - (2) The educational needs of the student.
- 3. The timeframe shall not apply to TECS if:
 - a. The parent of a student repeatedly fails or refuses to produce the student for the evaluation; or
 - b. The student who is an adult repeatedly fails or refuses to participate in evaluation activities; or

- c. A student enrolls in TECS after the relevant timeframe has begun, and prior to a determination by the student's previous LEA as to whether the student is a student with a disability.
- d. The exception in Rules II.D.3.c. applies only if TECS is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and TECS agree to a specific time when the evaluation will be completed.

II.E. SCREENING FOR INSTRUCTIONAL PURPOSES (34 CFR § 300.302; RULES II.E.)

- 1. The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. Results of screenings should be considered by TECS for child find purposes.

II.F. EVALUATION PROCEDURES (34 CFR § 300.304; RULES II.F.)

- 1. TECS has established and implemented procedures that meet the evaluation requirements of Part B of the IDEA and the Rules as follows:
 - a. In conducting the evaluation, TECS must:
 - (1) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student, including information provided by a parent or student who is an adult, that may assist in determining:
 - (a) Whether the student is a student with a disability; and
 - (b) The content of the student's IEP, including information related to enabling the student to be involved in and progress in the general education curriculum (or, for a student in preschool, to participate in appropriate activities);
 - (2) Not use any single procedure as the sole criterion for determining whether a student is a student with a disability and for determining an appropriate educational program for the student; and
 - (3) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors. TECS must consider the publication date and continued validity of assessments in use when new editions are published.
 - (4) TECS must ensure that assessments and other evaluation materials used to assess a student:
 - (a) Are selected and administered so as not to be discriminatory on a racial or cultural basis;

- (b) Are provided and administered in the student's native language or other mode of communication, and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
 - (c) Are selected to assess the specific areas of concern identified by the assessment/evaluation group, including the parent(s) or student who is an adult;
 - (d) Are used for the purposes for which the assessments or measures are valid and reliable;
 - (e) Are selected and administered by trained and knowledgeable personnel based upon the specific assessment's requirements; and
 - (f) Are administered and interpreted in accordance with any instructions and administrator requirements provided by the producer of the assessments and the Standards for Educational and Psychological Testing (AERA, APA, NCME, 2014).
 - (i) TECS must ensure and document that all evaluators meet the assessment publishers' administrator/interpreter/user requirements, (e.g., appropriate degree, higher education coursework in tests and measures, and supervised clinical experiences/practica).
 - (ii) TECS shall provide documentation to USBE staff upon request.
- (5) TECS must ensure that:
- (a) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.
 - (b) Assessments are selected and administered so as best to ensure that if an assessment is administered to a student with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).
 - (c) The administration of psychological testing and the evaluation or assessment of personal characteristics, such as intelligence (e.g., cognitive, IQ), personality, abilities, interests, aptitudes, and neuropsychological functioning are only administered and interpreted by personnel who have been trained and fully meet the administrator/ interpreter/user qualifications

of the test publisher (e.g., appropriate degree, higher education coursework in tests and measures, and supervised clinical experiences/practica).

- (d) The student is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.
 - (e) Assessments of students with disabilities who transfer from another LEA to TECS in the same school year are coordinated with those students' prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.
 - (f) In evaluating each student with a disability, the evaluation is sufficiently comprehensive to identify all the student's special education and related services needs, whether or not commonly linked to the disability category in which the student has been classified.
 - (g) Assessment tools and strategies provide relevant information that directly assists persons in determining the educational needs of the student are provided.
- b. The USDB is available to LEAs for assessments of students with visual impairment and hearing loss, as well as professional learning on appropriate administration of assessments, and procedures to ensure appropriate interpretation of assessments (R277-800-7).

II.G. REEVALUATION PROCEDURES (34 CFR § 300.303; RULES II.G.)

1. TECS must ensure that a reevaluation of each student with a disability is conducted:
 - a. If TECS determines that the educational or related services needs, including improved academic achievement and functional performance, of the student warrant a reevaluation; or
 - b. If the student's parents or teacher requests a reevaluation.
2. A reevaluation:
 - a. May occur not more than once a year, unless the parents and TECS agree otherwise; and
 - b. Must occur at least once every three years, unless the parents or adult student and TECS agree that a reevaluation is unnecessary as there are data available to continue eligibility and determine the educational needs of the student. When the parents and LEA agree that a reevaluation is unnecessary, the group must document data reviewed and used in an evaluation report and complete an eligibility determination.

II.H. ADDITIONAL REQUIREMENTS FOR INITIAL EVALUATIONS AND REEVALUATION PROCEDURES (34 CFR § 300.305; RULES II.H.)

1. As part of any initial evaluation (if appropriate) and as part of any reevaluation, the IEP Team and other qualified professionals, as appropriate, must:
 - a. Review existing evaluation data on the student, including:
 - (1) Evaluations and information provided by the parent(s) of the student or the student who is an adult;
 - (2) Current classroom-based, local, or State assessments, and classroom-based observations; and
 - (3) Observations by teachers and related services providers; and
 - b. On the basis of that review, and input from the student's parent(s) or the adult student, identify what additional data, if any, are needed to determine:
 - (1) Whether the student is a student with a disability and the educational needs of the student; or, in the case of a reevaluation of a student, whether the student continues to have such a disability, and the educational needs of the student;
 - (2) The present levels of academic achievement and related developmental needs of the student;
 - (3) Whether the student needs special education and related services; or, in the case of a reevaluation of a student, whether the student continues to need special education and related services; and
 - (4) Whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum.
2. The IEP Team and other qualified professionals, as appropriate, may conduct its review of existing data without a meeting.
3. TECS must administer such assessments and other evaluation measures as may be needed to produce the data needed to determine continuing eligibility.
4. If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the student continues to be a student with a disability and to determine the student's educational needs, the LEA must notify the student's parent(s) of:
 - a. That determination and the reasons for the determination; and

- b. The right of the parent(s) to request an assessment to determine whether the student continues to be a student with a disability, and to determine the student's educational needs.
5. TECS is not required to conduct the assessment for reevaluation described in Rules II.H.4.b unless requested to do so by the student's parent(s) or the student who is an adult.
6. Evaluations before change in eligibility.
 - a. TECS must evaluate a student with a disability before determining that the student is no longer a student with a disability.
 - b. The evaluation is not required before the termination of a student's eligibility due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for FAPE under State law (i.e., age 22).
 - c. For a student whose eligibility terminates due to graduation from secondary school with a regular high school diploma or due to exceeding the age eligibility for FAPE under State law, TECS must provide the student with a summary of the student's academic achievement and functional performance, which shall include recommendations on how to assist the student in meeting the student's postsecondary goals.

II.I. DETERMINATION OF ELIGIBILITY (34 CFR § 300.306; RULES II.I.)

1. Upon completion of the administration of assessments and other evaluation measures, a group of qualified professionals and the parents of the student determine eligibility under Part B of the IDEA and the Rules, including:
 - a. Whether that student is a student with a disability, and
 - b. The educational needs of the student.
2. TECS shall provide the parents or adult student with a copy of the evaluation report and the documentation of determination of eligibility.
3. A student must not be determined to be a student with a disability:
 - a. If the determinant factor for that determination is:
 - (1) Lack of appropriate instruction in the science of reading, including the essential components of reading instruction (explicit and systematic instruction in phonemic awareness, phonics, vocabulary development, reading fluency including oral reading skills, and reading comprehension strategies) (20 USC 6368(3));
 - (2) Lack of appropriate instruction in mathematics; or
 - (3) Limited English proficiency; and

- b. If the student does not otherwise meet the eligibility criteria.
- 4. Procedures for determining eligibility and educational need.
 - a. In interpreting evaluation data for the purpose of determining if a student is a student with a disability and the educational needs of the student, TECS must:
 - (1) Draw upon information from a variety of sources, such as aptitude and achievement tests, parent input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior; and
 - (2) Ensure that information obtained from all of these sources is documented and carefully considered.
 - b. If a determination is made that a student has a disability and needs special education and related services, an IEP must be developed for the student within 30 calendar days.

II.J. CATEGORICAL DEFINITIONS, CRITERIA, AND ASSESSMENTS (34 CFR § 300.8; 34 CFR § 300.304 34 CFR § 300.306; RULES II.J.)

- 1. TECS has adopted the criteria and evaluation procedures, by category, for determining eligibility for a student with disabilities under Part B of the IDEA and the Rules II.J.1-13. Including: Specific Learning Disabilities (Rules II.J.11.).
 - a. Definition (34 CFR § 300.8(C)(10)); Rules II.J.11.a.
 - (1) *Specific learning disabilities* means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia, that affects a student's educational performance.
 - (2) *Specific learning disabilities* does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; of intellectual disability; of emotional behavioral disability; or of environmental, cultural, or economic disadvantage.
 - b. Procedures for Identifying Students with Specific Learning Disabilities (34 CFR § 300.307; Rules II.J.11.b).
 - (1) TECS has adopted the following method for determining a student's eligibility under the specific learning disability category. An LEA may use one of the following methods for determining a student's eligibility under the specific learning disability category:
 - (a) Alternative method:

- (2) Another alternative research-based procedure (Patterns of Strengths and Weaknesses (PSW) approved by TECS's school board and submitted to the USBE called the Alternative method that demonstrates that the student does not make sufficient progress to meet State-approved age- or grade-level standards in one or more of the areas identified in the Rules II.J.11.b.(3)(a) (the group must refer to the USBE Specific Learning Disability Eligibility Guidelines when using this method).Additional group members (34 CFR § 300.308; Rules II.J.11.b.(2)).
 - (a) The determination of whether a student suspected of having a specific learning disability is a student with a disability must be made by the student's parent(s) and a group of qualified professionals, which must include:
 - (b) The student's regular teacher; or
 - (c) If the student does not have a regular teacher, a regular classroom teacher qualified to teach a student of the student's age; or
 - (d) For a student of less than school age; an individual qualified by the USBE to teach a student of the student's age; and
 - (e) At least one person qualified to conduct individual diagnostic examinations of students and interpret the results of those assessments (as per the publisher's assessment administration criteria), such as a school psychologist, speech language pathologist, reading teacher or reading specialist, or special education teacher.
- (3) Determining the existence of a specific learning disability (34 CFR § 300.309; Rules II.J.11.b.(3)).
 - (a) The group described may determine that a student has a specific learning disability if:
 - (b) The student does not achieve adequately for the student's age or to meet State-approved grade-level standards in one or more of the following areas, when provided with learning experiences and instruction appropriate for the student's age or State-approved grade-level standards:
 - (i) Oral expression;
 - (ii) Listening comprehension;
 - (iii) Written expression;
 - (iv) Basic reading skills;
 - (v) Reading fluency skills;
 - (vi) Reading comprehension;

- (vii) Mathematics calculation;
- (viii) Mathematics problem solving.
- (c) The group determines that its findings are not primarily the result of:
 - (i) A visual, hearing, or motor disability;
 - (ii) Intellectual disability;
 - (iii) Emotional-behavioral disability;
 - (iv) Cultural factors;
 - (v) Environmental or economic disadvantage; or
 - (vi) Limited English proficiency.
- (4) The specific learning disability must adversely affect the student's educational performance.
- (5) The student with the specific learning disability must need special education and related services (34 CFR § 300.8(a); Rules II.J.11.b.(5)).
- (6) The group must determine that the specific learning disability is the student's primary disability.
- c. Evaluation (34 CFR § 300.309(b)–(c); Rules II.J.11.c).
 - (1) An evaluation must include a variety of assessment tools and strategies and cannot rely on any single procedure as the sole criterion.
 - (2) To ensure that underachievement in a student suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation:
 - (a) Data that demonstrate that prior to, or as a part of, the referral process, the student was provided appropriate instruction in regular education settings, delivered by qualified personnel; and
 - (b) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the student's parent(s) or the student who is an adult.
 - (3) TECS must promptly request parental consent or consent of the adult student to evaluate the student to determine if the student needs special education and related services, and must adhere to the 45-school-day evaluation timeframe, unless extended by mutual written agreement of the student's parent(s) and a group of qualified professionals:

- (a) If, prior to a referral, a student has not made adequate progress after an appropriate period of time as determined by TECS when provided appropriate instruction, and
 - (b) Whenever a student is referred for an evaluation.
- (4) Observation (34 CFR § 300.310(a)–(c); Rules II.J.11.b.(4)).
- (a) TECS must ensure that the student is observed in the student’s learning environment (including the regular classroom setting) to document the student’s academic performance and behavior in the areas of concern.
 - (b) The group must decide to:
 - (i) Use information from an observation in routine classroom instruction and monitoring of the student’s performance that was done before the student was referred for an evaluation; or
 - (ii) Have at least one member of the group conduct an observation of the student’s academic performance in the regular classroom after the student has been referred for an evaluation and parental consent or consent of the student who is an adult is obtained.
 - (c) If the student is a home-schooled student, TECS may determine how to conduct the observation and who will conduct it.
 - (d) In the case of a student of less than school age or who is out of school, a group member must observe the student in an environment appropriate for a student of that age.
- (5) Specific documentation for the eligibility determination (34 CFR § 300.311; Rules II.J.11.b.(5)). The group’s documentation of the determination of eligibility with a specific learning disability must contain a statement of:
- (a) Whether the student has a specific learning disability;
 - (b) The basis for making the determination, including an assurance that the determination has been made in accordance with Rules II.I.;
 - (c) The relevant behavior, if any, noted during the observation of the student and the relationship of that behavior to the student’s academic functioning;
 - (d) The educationally relevant medical findings, if any; and
 - (e) Whether the student meets the criteria below.
 - (A) Alternative. The use of other alternative research-based procedures (e.g., Patterns of Strengths and Weaknesses (PSW) approved by TECS’s board and submitted to the USBE.

- (B) TECS uses a method that demonstrates the student does not make sufficient progress to meet State-approved age- or grade-level standards in one or more of the areas identified in the Rules II.J.11.b.(3)(a) when using TECS's local board approved research-based process (the group must refer to the USBE Specific Learning Disability Eligibility Guidelines when using this method).
 - (C) The group must:
 - (D) Review data from multiple sources that examines the student's progress over time in the area(s) of concern when evidence-based instruction has been provided;
 - (E) Identify the student's strengths and an weaknesses that are evident in both the classroom and standardized assessment results;
 - (F) Using standardized testing, determine a relationship between the student's cognitive processing delays and academic deficits exits;
 - (G) Consider whether the student's cognitive deficit, from standardized testing, includes both a normative and an intraindividual weakness that is consistent with academic/classroom performance data;
 - (H) Consider whether the student's cognitive deficit, from standardized testing, includes both a normative and an intraindividual strength that is consistent with academic/classroom performance data; and
- (6) Identify that a relationship between the student's cognitive weakness and academic/classroom performance is evident over time. The determination of the group concerning the effects of a visual, hearing, or motor disability; intellectual disability; emotional- behavioral disability; cultural factors; environmental or economic disadvantage; or limited English proficiency on the student's achievement level;
- (7) The requirements of Rules II.D.–H. must be met.
- (8) Each group member must certify in writing whether the report reflects the member's conclusion (§ 300.311(b)). If it does not reflect the member's conclusion, the group member must submit a separate statement presenting the member's conclusions.

III. IEP DEVELOPMENT AND SERVICE DELIVERY

III.A. INDIVIDUALIZED EDUCATION PROGRAM (IEP) (RULES III.A.)

1. TECS implements the following IEP requirements, including the Least Restrictive Environment (LRE) requirements, consistent with Part B of the IDEA and the Rules, as well as R277-750, R277-800, and R277-801.

III.B. WHEN IEPS MUST BE IN EFFECT (34 CFR § 300.323; RULES III.B.)

1. At the beginning of each school year, TECS must have an IEP in effect for each student with a disability within its jurisdiction.
2. TECS must ensure that:
 - a. A meeting to develop an IEP for a student is conducted within 30 calendar days of a determination that the student needs special education and related services; and
 - b. As soon as possible following development of the IEP, special education and related services are made available to the student in accordance with the student's IEP.
 - c. TECS must ensure that the student's IEP is:
 - (1) Accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation; and
 - (2) Each teacher and provider is informed of:
 - (a) The teacher's specific responsibilities related to implementing the student's IEP; and
 - (b) The specific accommodations, modifications, and supports that must be provided for the student in accordance with the IEP.
3. Documentation of IEP implementation shall be provided to USBE upon request.

III.C. STUDENTS WHO TRANSFER (34 CFR § 300.323; RULES III.C.)

1. Transfers within Utah.
 - a. In the case of a student with a disability with a current IEP who transfers from one LEA to another within the State within the same school year and enrolls in a new school, TECS, in consultation with the parent(s) or student who is an adult, must provide a FAPE to the student, including services comparable to those described in the previously held IEP, until such time as TECS:
 - (1) Adopts the previously held IEP, or

- (2) Develops, adopts, and implements a new IEP that is consistent with Federal regulations and the Rules.
 - b. The requirements of 34 CFR § 300.323 also apply for students transferring from an LEA placement to a local juvenile or adult correctional facility or temporary State placement for observation and assessment.
2. Transfers from out of State.
- a. In the case of a student with a disability with a current IEP who transfers LEAs within the same school year, who enrolls in a new school, and who has an IEP that was in effect in another State, TECS, in consultation with the parent(s) or student who is an adult, must provide the student with a FAPE, including services comparable to those described in the previously held IEP, until TECS:
 - (1) Conducts an evaluation, if determined to be necessary by TECS; and
 - (2) Develops a new IEP, if appropriate, that is consistent with Federal and State law.
 - b. The evaluation for eligibility that may be conducted by TECS is considered an initial evaluation, not a reevaluation (71 Federal Register 4668- 82).
3. To facilitate the transition for a student described above:
- a. TECS must take reasonable steps to promptly obtain the student's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the student, from the previous LEA in which the student was enrolled; and
 - b. The previous LEA in which the student was enrolled must take reasonable steps to promptly respond to the request from TECS.
 - c. The LEA transferring the records must keep a copy of the records for at least three years after the transfer as outlined in Rule VIII.S.
4. Experiencing difficulty in obtaining the IEP from the previous LEA does not relieve the LEA where the student is currently enrolled of its obligation to have a current IEP in place for a student who is eligible.

III.D. LEA RESPONSIBILITY FOR IEP MEETINGS (34 CFR § 300.323(C)(1); RULES III.D.)

1. TECS is responsible for initiating and conducting meetings for the purpose of developing, reviewing, and revising the IEP of a student with a disability age 3 through 21, consistent with the Rules.
2. A meeting to develop an IEP for a student who is eligible must be conducted within 30 calendar days of a determination that a student needs special education and related services.

III.E. IEP TEAM MEMBERSHIP (34 CFR § 300.321; RULES III.E.)

1. TECS must ensure that the IEP Team for each student with a disability includes:
 - a. The parents of the student or the student who is an adult;
 - b. Not less than one regular education teacher of the student (if the student is, or may be, participating in the regular education environment);
 - c. Not less than one special education teacher of the student, or where appropriate, not less than one special education provider of the student;
 - d. A representative of TECS who:
 - (1) Is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of students with disabilities;
 - (2) Is knowledgeable about the general education curriculum; and
 - (3) Is knowledgeable about the availability of resources of the LEA.
 - (4) TECS may designate a TECS member of the IEP Team to also serve as the LEA representative, if the above criteria are satisfied.
 - e. A representative of USDB and the LEA of residence when the student's placement is at USDB, when the IEP Team is considering placement at USDB, or when the student receives 180 minutes or more of special education and/or related services from USDB.
 - f. An individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in this section of the Rules;
 - g. At the discretion of the parent or the LEA, other individuals who have knowledge or special expertise regarding the student, including related services personnel as appropriate; and
 - h. Whenever appropriate, the student with a disability.
 - i. The determination of knowledge or special expertise of any individual described in the Rules III.E.6 above must be made by the party (parents or LEA) who invited the individual to be a member of the IEP Team.
 - j. If a purpose of the IEP Team meeting is consideration of the postsecondary goals for the student and the postsecondary transition services needed to assist the student in reaching those goals, the LEA must invite the student with a disability to attend the student's IEP meeting. If the student does not attend the IEP meeting, TECS must take other steps to ensure that the student's preferences and interests are considered.
 - k. To the extent appropriate, with the written consent of the parents or student who is an adult, TECS must invite a representative of any participating agency that is likely to be responsible for providing or paying for postsecondary transition services.

1. Signatures on an IEP denote participation of IEP Team members in the development of the IEP.

III.F. IEP TEAM ATTENDANCE (34 CFR § 300.321; RULES III.F.)

1. A required member of the IEP Team is not required to attend a particular IEP Team meeting, in whole or in part, if the parents of a student with a disability and the LEA agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.
2. A required member of the IEP Team may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if:
 - a. The parents or student who is an adult, in writing, and the LEA consent to the excusal; and
 - b. The member submits, in writing, to the parents and the IEP Team, input into the development of the IEP prior to the meeting.

III.G. PARENT PARTICIPATION (34 CFR § 300.322; RULES III.G.)

1. TECS must take steps to ensure that one or both of the parents of a student with a disability are present at each IEP meeting or are afforded the opportunity to participate, including:
 - a. Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and
 - b. Scheduling the meeting at a mutually agreed-on time and place.
2. If the parents cannot attend, TECS must use other methods to ensure participation of the parents or the student who is an adult, including individual or conference telephone calls. The parents of a student with a disability and TECS may agree to use alternative means of meeting participation, such as video conferences and conference calls (34 CFR § 300.328).
3. A meeting may be conducted without a parent in attendance if TECS is unable to convince the parent(s) that they should attend. In this case, TECS must keep a record of its attempts to arrange a mutually agreed-on time and place, such as:
 - a. Detailed records of telephone calls made or attempted and the results of those calls;
 - b. Copies of correspondence sent to the parents and any responses received; and
 - c. Detailed records of visits made to the parents' home or place of employment and the results of those visits.
4. TECS must take whatever action is necessary to ensure that the parent(s) understands the proceedings of the IEP Team meeting, including arranging for an interpreter for parent(s) with deafness or whose native language is other than English.

- a. Under UCA 35A-13-604, an individual is required to be certified as an interpreter if that individual provides interpreter services for deaf and hard of hearing individuals.
 - b. An individual providing interpreting services other than those for deaf and hard of hearing individuals shall be trained.
5. The parent(s) of a student with a disability are participants along with school personnel in developing, reviewing, and revising the IEP for their student. This is an active role in which the parent(s) or student who is an adult:
- a. Provide critical information regarding the strengths of the student and express their concerns for enhancing the education of the student;
 - b. Participate in the discussion of the student's need for special education and related services, and supplementary aids and services; and
 - c. Join with other participants in deciding how the student will be involved and progress in the general curriculum, how the student will participate in State- and LEA-wide assessments, and what services TECS will provide to the student and in what setting.
6. TECS must give the parent(s) or adult student a copy of the student's IEP at no cost to the parent(s) or student who is an adult.

III.H. NOTICE OF MEETING (34 CFR § 300.322; RULES III.H.)

1. The notice of meeting required to be provided to the parent(s) must:
 - a. Indicate the purpose, time, and location of the meeting and who will be in attendance; and
 - b. Inform the parent(s) of the provision for participation of other individuals who have knowledge or special expertise about the student on the IEP Team.
 - c. Inform the parent(s) that at their request the Part C service coordinator or other representatives of the Part C system may be invited to participate at the initial IEP Team meeting for a student previously served under Part C of the IDEA.
2. For a student with a disability, ages 14 and older, or younger if determined appropriate by the IEP Team, the IEP notice of meeting also must:
 - a. Indicate that a purpose of the meeting will be the consideration of the postsecondary goals and postsecondary transition services for the student; and
 - b. Indicate that TECS will invite the student; and
 - c. Identify any other agency that will be invited, with parental consent, to send a representative.
3. When conducting IEP Team meetings and placement meetings and carrying out administrative matters, the parent(s) of a student with a disability and TECS may agree to

use alternative means of meeting participation such as video conferences and conference calls (34 CFR § 300.328).

III.I. DEVELOPMENT, REVIEW, AND REVISION OF THE IEP (34 CFR § 300.324; RULES III.I.)

1. Development, review, and revision of the IEP.
 - a. In developing each student's IEP, the IEP Team must consider:
 - (1) The strengths of the student;
 - (2) The concerns of the parent(s) or adult student for enhancing the education of the student;
 - (3) The results of the initial or most recent evaluation of the student, and
 - (4) The academic, developmental, and functional needs of the student.
 - b. The IEP Team, in conducting a meeting to develop, review and, if appropriate, revise a student's IEP, must consider the following special factors:
 - (1) In the case of a student with limited English proficiency (LEP), consider the language needs of the student as those needs relate to the student's IEP;
 - (2) In the case of a student who is blind or visually impaired, provide for instruction in braille and the use of braille unless the IEP Team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in braille or the use of braille), that instruction in braille or the use of braille is not appropriate for the student;
 - (a) Prior to determining whether a student who is blind should use braille as the primary reading mode, the student's IEP Team must be provided (through pertinent literature or discussions with competent braille users and educators, or both) with detailed information about the use and efficiency of braille as a reading medium, in order to make an informed choice as to the student's primary reading.
 - (3) Consider the communication needs of the student and, in the case of a student who is deaf or hard of hearing, consider the student's language and communication needs, opportunities for direct communication with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode;
 - (4) Consider whether the student needs assistive technology devices and services in school and on a case-by-case basis, in a student's home or other setting; and

- (5) In the case of a student whose behavior impedes the student's learning or that of others, consider the use of positive behavior interventions and supports, and other strategies (e.g., conduct a functional behavior assessment, develop a behavior intervention plan), to address that behavior.
 - (a) When making decisions on behavior interventions, the IEP Team must refer to the USBE Technical Assistance (TA) manual that outlines the Least Restrictive Behavior Interventions (LRBI) for information on research-based intervention procedures.
 - (i) Emergency safety interventions may only be included in an IEP as a planned intervention when the IEP Team agrees that less restrictive means which meet circumstances in R277-608 have been attempted, an FBA has been conducted, and a BIP based on data analysis has been developed and implemented (R277-609).
 - (b) The purpose of the LRBI related to the use of positive behavior supports and behavior interventions in schools is to:
 - (i) Protect the safety and well-being of all students;
 - (ii) Provide protection for students, teachers, other school personnel, and LEAs; and
 - (iii) Ensure that parent(s) or students who is an adult are involved in the consideration and selection of behavior interventions to be used.
 - (c) When an emergency situation occurs that requires the immediate use of an emergency safety intervention to protect the student or others from harm, the staff shall comply with requirements in R277-609 with regards to time limitations and parental notification.
 - (d) As appropriate, the student should receive an FBA and behavior intervention services and modifications that are designed to address the behavior (34 CFR § 300.530(d)(1)(ii)).
- c. If, in considering the special factors described above, the IEP Team determines that a student needs a particular device or services for educational purposes (including an intervention, accommodation, or other program modification) in order for the student to receive a FAPE, the IEP Team must include a statement to that effect in the student's IEP.
- d. A regular education teacher of a student with a disability, as a member of the IEP Team, must, to the extent appropriate, participate in the development of the IEP of the student, including the determination of:
 - (1) Appropriate positive behavior interventions and supports and other strategies for the student; and

- (2) Supplementary aids and services, program modifications, and support for school personnel consistent with the IEP.
2. Changes to the IEP.
 - a. In making changes to a student's IEP after the annual IEP Team meeting for a school year, the parent(s) of a student with a disability and TECS may agree not to convene an IEP meeting for the purposes of making those changes, and instead may develop a written document to amend or modify the student's current IEP.
 - (1) The LEA shall convene a meeting with the IEP Team regarding material or substantial changes to the IEP (e.g., the amount of service time, change in placement, termination of services).
 - b. Upon request, the parent(s) must be provided with a revised copy of the IEP with the amendments incorporated.
 - c. If changes are made to the student's IEP through the amendment process, TECS must ensure that the student's IEP Team is informed of those changes.
3. To the extent possible, TECS must encourage the consolidation of reevaluation meetings and other IEP Team meetings for the student (34 CFR § 300.324(a)(5)).
4. Review and revision of the IEP.
 - a. TECS must ensure that the IEP Team:
 - (1) Reviews the student's IEP periodically, but not less than annually, to determine whether the annual goals for the student are being achieved; and
 - (2) Revises the IEP, as appropriate, to address:
 - (a) Any lack of expected progress toward the annual goals in the IEP and in the general education curriculum, if appropriate;
 - (b) The results of any reevaluation;
 - (c) Information about the student provided to, or by, the parent(s) or adult student;
 - (d) The student's anticipated needs; or
 - (e) Other matters.
 - (3) In conducting a review of the student's IEP, the IEP Team must consider the special factors in the Rules III.I.1.b.
 - (4) A regular education teacher of the student, as a member of the IEP Team, must participate in the review and revision of the IEP of the student, if the student is or may be participating in the general education classroom.

- (5) If a participating agency, other than TECS, fails to provide the postsecondary transition services described in the IEP, TECS must reconvene the IEP Team to identify alternative strategies to meet the postsecondary transition objectives for the student set out in the IEP.
- (6) Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any postsecondary transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that agency.

III.J. DEFINITION OF THE INDIVIDUALIZED EDUCATION PROGRAM (IEP) (34 CFR § 300.320; RULES III.J.)

1. The term *individualized education program* (IEP) means a written statement for each student with a disability that is developed, reviewed, and revised in a meeting. The IEP is designed to meet the student's unique needs based on their disability, and prepare them for further education, employment, and independent living.
2. The IEP must include:
 - a. A statement of the student's present levels of academic achievement and functional performance (PLAAFP), including:
 - (1) How the student's disability affects the student's involvement and progress in the general education curriculum (i.e., the same grade-level curriculum as for students who are non-disabled); or
 - (2) For students in preschool, as appropriate, how the disability affects the student's participation in appropriate activities; and
 - (3) For students who are blind, the results obtained from a braille-related or braille skills assessment;
 - b. A statement of measurable annual goals, that describes what the student is reasonably expected to accomplish in a year and the conditions in which the goals will be performed, including academic and functional goals designed to:
 - (1) Meet the student's needs that result from the student's disability to enable the student to be involved in and make progress in the grade-level general education curriculum; and
 - (2) Meet each of the student's other educational needs that result from the student's disability;
 - c. For a student with a disability, ages 14 and older, an annual IEP goal related to the student's postsecondary transition service needs.
 - d. For eligible students with significant cognitive disabilities who will participate in grade-level alternate achievement standards (i.e., Essential Elements):

- (1) Notification to the parent(s) or adult student that the student's academic achievement will be measured through an assessment of the grade-level Utah alternate achievement standards and how participation in such alternate achievement assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma; and
 - (2) A description of benchmarks or short-term objectives for each annual goal;
- e. A description of:
- (1) How the student's progress toward meeting the annual IEP goals will be measured; and
 - (2) When periodic reports to the parent(s) or adult student on the progress the student is making toward meeting the annual IEP goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;
- f. A statement of the special education and related services and supplementary aids and services (including assistive technology), based on peer-reviewed research to the extent practicable, to be provided to the student, or on behalf of the student, and a statement of the program modifications or supports for school personnel that will be provided to enable the student:
- (1) To advance appropriately toward attaining the annual goals;
 - (2) To be involved in and make progress in the grade-level general education curriculum, and to participate in extracurricular and other nonacademic activities; and
 - (3) To be educated and participate with other similar-aged students with disabilities and non-disabled students in the activities described in this section;
- g. An explanation of the extent, if any, to which the student will not participate with similar-aged non-disabled students in the regular education environment and in the activities described in this section;
- h. A statement of:
- (1) Any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the student on all grade-level State- and LEA-wide assessments; and
 - (2) If the IEP Team determines that the student must take an alternate assessment instead of a particular regular State- or LEA-wide assessment of student achievement, a statement of why:
 - (a) The student cannot participate in the regular assessment; and

- (b) The particular alternate assessment selected is appropriate for the student; and
 - (c) All students, including students with disabilities, participate in statewide assessments. TECS reports the results of statewide assessments on the website. If more than one percent of students with significant cognitive disabilities participate in an alternate assessment, TECS will submit justification to the USBE on the need to exceed the cap.
- i. The projected date for the beginning of the services and modifications, and the anticipated frequency, location, and duration of those services and modifications.
- j. A statement of school to post-school transition services.
 - (1) For a student with a disability, ages 14 and older, or younger if determined appropriate by the IEP Team, and updated annually thereafter, the IEP must include:
 - (2) Appropriate measurable postsecondary goals based upon age- appropriate postsecondary transition assessments related to training or education, employment, and, where appropriate, independent living skills; and
 - (3) The postsecondary transition services (including courses of study) needed to assist the student in reaching those goals.
- k. Transfer of rights at age of majority.
 - (1) Beginning not later than one year before the student reaches the age of majority (age 18 in Utah), the IEP must include a statement that the student has been informed of the student's rights under Part B of the IDEA that will transfer to the student on reaching the age of majority. The transfer of rights also occurs upon notification to the LEA that a student has married or become emancipated before age 18.
- l. Nothing in this section shall be construed to require that additional information be included in a student's IEP beyond what is explicitly required in Section 614 of Part B of the IDEA, or require the IEP Team to include information under one component of a student's IEP that is already contained under another component of the student's IEP.
- m. IEP Teams should discuss and address, if appropriate, student participation in not only the grade-level Utah Core Standards, but other general education activities and courses (e.g., health and maturation, suicide prevention), as well as the Statewide Online Education Program (SOEP) or other online, distance, blended, or competency-based courses, as well as courses taken through Career and Technical Education (CTE) programs and concurrent enrollment. Students with disabilities may require special education and related services and accommodations for equitable participation, in conjunction with Part B of the IDEA, the Rules, R277-701, R265-165, and R277-726.

III.K. PHYSICAL EDUCATION 34 CFR § 300.108 (RULES III.L.)

1. Physical education services, specially designed if necessary, must be made available to every student with a disability receiving a FAPE, unless TECS enrolls students without disabilities and does not provide physical education to students without disabilities in the same grades.
2. Each student with a disability must be afforded the opportunity to participate in the regular physical education program available to students who are nondisabled unless:
 - a. The student is enrolled full time in a separate facility; or
 - b. The student needs specially designed physical education, as prescribed in the student's IEP.
3. If specially designed physical education (e.g., adapted physical education) is prescribed in a student's IEP, the LEA responsible for the education of that student must provide the services directly or make arrangements for those services to be provided through other public or private programs.
4. TECS responsible for the education of a student with a disability who is enrolled in a separate facility must ensure that the student receives appropriate physical education services.

III.L. ASSISTIVE TECHNOLOGY (34 CFR § 300.105; R277-495; RULES III.M.)

1. TECS must ensure that assistive technology devices or assistive technology services, or both, are made available to a student with a disability if required as a part of the student's:
 - a. Special education,
 - b. Related services, or
 - c. Supplementary aids and services.
2. On a case-by-case basis, the use of school-purchased assistive technology devices in a student's home or in other settings is required if the student's IEP Team determines that the student needs access to those devices in order to receive a FAPE.

III.M. EXTENDED SCHOOL YEAR (ESY) SERVICES (34 CFR § 300.106; R277-751; RULES III.N.)

1. Extended school year services mean special education and related services that:
 - a. Are provided to an eligible student with a disability:
 - (1) Beyond the normal school year of TECS;
 - (2) In accordance with the student's IEP; and

- (3) At no cost to the parent(s) of the student or student who is an adult; and
 - b. Meet the standards of the USBE in R277-751.
2. TECS shall ensure that:
 - a. Extended school year services are available as necessary to provide FAPE, consistent with the Rules and considered for each individual student with a disability during an IEP, based upon a review of multiple data sources and factors.
 - b. ESY student programs are provided in the least restrictive environment.
 - c. ESY teachers and paraeducators meet USBE's and IDEA requirements.
3. Extended school year services must be provided only if a student's IEP Team determines, on an individual basis, that the services are necessary for the provision of a FAPE to the student. The annual IEP shall reflect the IEP Team's decision regarding the need for ESY services.
 - a. Parent(s) shall be provided with prior written notice of proposal or refusal to provide ESY services.
 - b. If determined as eligible for ESY services, the IEP Team shall determine the appropriate ESY program, based on the student's individual needs.
 - c. ESY eligibility decisions and prior written notice of ESY programs shall be provided to parent(s) in sufficient time to permit accessing dispute resolution options of the procedural safeguards, in the event of a dispute.
4. In implementing the requirements of this section, TECS may not:
 - a. Limit extended school year services to particular categories of disability, age, or grade level;
 - b. Unilaterally limit the type, amount, or duration of those services; or
 - c. Limit data consideration by IEP Teams to only an analysis of regression and recoupment.

III.N. LEAST RESTRICTIVE ENVIRONMENT (LRE) (34 CFR § 300.114; RULES III.O.)

1. TECS must ensure that:
 - a. To the maximum extent appropriate, students with disabilities, including students in public or private institutions or other care facilities (e.g., nursing homes), are educated with similar-aged students who are nondisabled; and
 - b. Special classes, separate schooling, or other removal of students with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids

and services cannot be achieved satisfactorily. In the case of a student who is deaf or hard of hearing, consideration of a special class or school may be the least restrictive environment in that it provides opportunities for direct communication and instruction in the student's language and communication mode with professional personnel and peers.

- c. LRE provisions apply to transition programs (i.e., postsecondary) and placement.
2. A state funding mechanism must not result in placements that violate the LRE requirements of the Rules III.P.–S.

III.O. INCLUSIONARY PRACTICES TO PROVIDE A FULL EDUCATIONAL OPPORTUNITY (34 CFR § 300.109; RULES III.P.)

1. TECS must develop inclusionary practices that include the components in the definition using evidence-based practices. LEA's may benefit from USBE Technical Assistance, and other resources.

III.P. CONTINUUM OF ALTERNATIVE PLACEMENTS (34 CFR § 300.115; RULES III.Q.)

1. TECS must ensure that a continuum of alternative placements is available to meet the needs of students with disabilities for special education and related services.
2. The continuum required must:
 - a. Include the following alternative placements for instruction:
 - (1) Regular classes,
 - (2) Special classes,
 - (3) Special schools,
 - (4) Home instruction, and
 - (5) Instruction in hospitals and institutions; and
 - b. Make provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement.

III.Q. PLACEMENTS (34 CFR § 300.116; RULES III.R.)

1. In determining the educational placement of a student with a disability, including postsecondary transition-aged student with a disability, TECS must ensure that:
 - a. The placement decision:
 - (1) Is made by a group of persons, including the parent(s) and other persons knowledgeable about the student, the meaning of the evaluation data, and the placement options; and

- (2) Is made in conformity with the LRE provisions above.
- b. The student's placement:
 - (1) Is determined at least annually;
 - (2) Is based on the student 's IEP; and
 - (3) Is as close as possible to the student 's home;
- c. Unless the IEP of a student with a disability requires some other arrangement, the student is educated in the school that the student would attend if nondisabled;
- d. In selecting the LRE, consideration is given to any potential harmful effect on the student or on the quality of services that the student needs; and
- e. A student with a disability is not removed from education in age- appropriate regular classrooms solely because of needed modifications in the general education curriculum.

III.R. PARENTAL INVOLVEMENT IN PLACEMENT DECISIONS (34 CFR §§ 300.327, 300.501; RULES III.S.)

- 1. TECS shall ensure that the parent(s) of each student with a disability or adult student are members of any group that makes decisions on the educational placement of the parent's student (Rules IV.B).
- 2. In implementing this requirement, TECS shall use procedures for parent involvement in placement decisions consistent with those used for parent participation in IEP meetings.
- 3. If parent cannot participate in a meeting in which a decision is to be made relating to the educational placement of the student, TECS shall use other methods to ensure their participation, including individual or conference telephone calls or video conferencing.
- 4. A group may make a placement decision without the involvement of the parent(s) if TECS is unable to obtain parent's participation in the decision. In this case, the LEA must have a record of its attempts to ensure their involvement.

III.S. NONACADEMIC SETTINGS AND EXTRACURRICULAR ACTIVITIES (34 CFR § 300.117; UCA 53G-6-709; RULES III.T.)

- 1. In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities in Rules III.V, TECS must ensure that each student with a disability participates with students who are nondisabled in the extracurricular services and activities to the maximum extent appropriate to the needs of that student.

2. TECS must ensure that each student with a disability has the supplementary aids and services determined by the student's IEP Team to be appropriate and necessary for the student to participate in nonacademic settings.
3. A student with a disability (under the age of 22 who has not graduated from high school with a regular high school diploma, whose IEP Team recommends participation) may not be denied the opportunity of participating in public school programs or extracurricular activities solely because of the student's age, unless the participation threatens the health or safety of the student. TECS, in cooperation with the Utah Department of Health, shall establish criteria used to determine the health and safety factor (UCA 53G-6- 709).

III.T. NONACADEMIC SERVICES (34 CFR § 300.107; RULES III.U.)

1. TECS must take steps, including the provision of supplementary aids and services determined appropriate and necessary by the student's IEP Team, to provide nonacademic and extracurricular services and activities in the manner necessary to afford students with disabilities an equal opportunity for participation in those services and activities.
2. Nonacademic and extracurricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by TECS, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by TECS and assistance in making outside employment available.

2. Parent participation in meetings.
 - a. The parent(s) of a student with a disability must be afforded an opportunity to participate in meetings with respect to the identification, evaluation, and educational placement of the student and the provision of a FAPE to the student.
 - b. TECS must provide notice, consistent with the Rules, to ensure that parents of students with disabilities or adult students have the opportunity to participate in meetings.
 - c. A meeting does not include informal or unscheduled conversations involving TECS personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that TECS personnel engage in to develop a proposal or a response to a parent proposal that will be discussed at a later meeting.
3. Parent involvement in placement decisions.
 - a. TECS must ensure that a parent of each student with a disability is a member of any group that makes decisions on the educational placement of the parent's student (34 CFR § 300.327), including notifying the parent(s) of the meeting early enough to ensure that they will have an opportunity to attend and scheduling the meeting at a mutually agreed-on time and place (34 CFR § 300.322(a)).
 - b. The notice of meeting must indicate the purpose(s), time, and location of the meeting, who will be in attendance, and inform the parents of their right to bring other individuals who have knowledge or special expertise about the student (34 CFR § 300.322(b)).

Procedural Safeguards Due Process Procedures for Parent(s) and Students (IDEA Subpart E)

- c. If parent cannot participate in a meeting in which a decision is to be made relating to the educational placement of the student, TECS must use other methods to ensure their participation, including individual or conference telephone calls or video conferencing.
- d. A placement decision may be made by a group without the involvement of a parent if TECS is unable to obtain the parents participation in the decision. In this case, TECS must have a record of its attempt to ensure their involvement.

IV.B. INDEPENDENT EDUCATIONAL EVALUATION (34 CFR § 300.502; RULES IV.B.)

1. Definitions.
 - a. *Independent educational evaluation* (IEE) means an evaluation conducted by a qualified examiner who is not employed by TECS responsible for the education of the student in question.
 - b. *Public expense* means that TECS either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent or student who is an adult.

3. The following requirements must be addressed:
 - a. The parents of a student with a disability have the right to obtain an IEE of the student at public expense if they disagree with an evaluation obtained by TECS.
 - b. TECS must provide to the parents or student who is an adult, upon request for an IEE, information about where an IEE may be obtained and the TECS criteria applicable for IEEs.
 - c. If a parent requests an IEE at public expense, TECS must, without unnecessary delay, either:
 - (1) File a request for a due process complaint and hearing to show that its evaluation is appropriate; or
 - (2) Ensure that an IEE is provided at public expense, unless TECS demonstrates in a due process hearing that the evaluation obtained by the parent did not meet TECS criteria.
 - d. If TECS files a due process complaint and request for hearing, and the final decision is that TECS's evaluation is appropriate, the parent still has the right to an IEE, but not at public expense.
 - e. If a parent requests an IEE, TECS may ask for the parents' reason for objection to the public evaluation. However, the explanation by the parent may not be required and

Procedural Safeguards Due Process Procedures for Parent(s) and Students (IDEA Subpart E)

TECS may not unreasonably delay either providing the IEE at public expense or requesting a due process hearing to defend the public evaluation.

- f. A parent is entitled to only one IEE at public expense each time TECS conducts an evaluation with which the parent or adult student who is an adult disagrees.
 - g. If the parent or adult student who is an adult either obtains an IEE at public expense or shares an evaluation obtained at private expense with TECS, the results of the evaluation:
 - (1) Must be considered by TECS, in any decision made with respect to the provision of a FAPE to the student provided that the IEE meets TECS criteria; and
 - (2) May be presented by any party as evidence at a hearing on a due process complaint regarding that student.
 - h. If a hearing officer requests an IEE as part of a due process hearing, the cost of the evaluation must be at public expense.
 - i. If an IEE is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that TECS uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an IEE.
 - j. Except for the criteria described above, TECS may not impose additional conditions or timelines related to obtaining an IEE at public expense.
4. An IEE conducted at TECS's expense becomes the property of TECS, in its entirety.

3. The notice must be:
- a. Written in language understandable to the general public; and
 - b. Provided in the native language of the parent or other mode of communication used by the parent or student who is an adult, unless it is clearly not feasible to do so.

8. The surrogate parent may represent the student in all matters relating to the identification, evaluation, and educational placement of the student, and the provision of a FAPE to the student.
9. The USBE and TECS must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 calendar days after TECS determines that the student needs a surrogate.

6. Fees (34 CFR § 300.617).
 - a. TECS may charge a fee for copies of records that are made for parent(s) under Part B of the IDEA if the fee does not effectively prevent the parent(s) from exercising their right to inspect and review those records.
 - b. TECS may not charge a fee to search for or to retrieve information under Part B of the IDEA.
7. Consent for disclosure of PII (34 CFR § 300.622).
 - a. Except as to disclosures addressed in referral to and action by law enforcement and judicial authorities, for which parental consent is not required by 34 CFR § 99, parental or adult student consent must be obtained before PII is:
 - (1) Disclosed to anyone other than officials of participating agencies collecting or using the information under Part B of the IDEA or the Rules: or
 - (2) Used for any purpose other than meeting a requirement of Part B of the IDEA or the Rules.
 - b. TECS may not release information from education records to participating agencies without parental or adult student consent unless authorized to do so by 34 CFR §§ 99.31 and 99.34 (FERPA):

Procedural Safeguards Due Process Procedures for Parent(s) and Students (IDEA Subpart E)

- (1) 34 CFR § 99.31 allows an LEA to disclose PII from the education records of a student without the written consent of the parent(s) of the student or student who is an adult, if the disclosure is:
 - (a) To other school officials, including teachers, within the LEA who have been determined by the LEA to have legitimate educational interests.
 - (b) To officials of another school or school site in which the student seeks or intends to enroll, subject to the requirements set forth in 34 CFR § 99.34 below.

 - (a) The transfer is initiated by the parent(s) at the sending LEA.
 - (b) The LEA includes in its annual notice of procedural safeguards, that it is the policy of the LEA to forward education records on request to a school in which a student seeks or intends to enroll.
 - (c) The LEA transferring the records must keep a copy of the records for three years after the transfer.
 - c. TECS, upon receiving PII from another educational agency or institution may make further disclosure of the information on behalf of the LEA without the prior written consent of the parent(s) if the conditions of 34 CFR §§ 99.31 and 99.34 noted above are met, and if the educational agency informs the party to whom disclosure is made of these requirements.
 - d. If the parent(s) refuses consent for the release of PII to a third party, then that party may proceed with statutory procedures in an effort to obtain the desired information.
 - e. Note: As authorized in 34 CFR § 99.31 (FERPA), TECS includes in the annual procedural safeguards notice that it is their policy to forward educational records of a student with disabilities without parental consent or notice to officials of another school or school district in which a student seeks or intends to enroll.
8. Safeguards (34 CFR § 300.623).
- a. TECS must protect the confidentiality of PII at collection, storage, disclosure, and destruction stages.

- c. All persons collecting or using PII must receive training or instruction regarding the State's policies and procedures in this section and 34 CFR § 99.
 - d. TECS must maintain, for public inspection, a current listing of the names and positions of those employees within the LEA who may have access to PII on students with disabilities.

- a. TECS must inform parents when PII collected, maintained, or used under Part B of the IDEA and the Rules is no longer needed to provide educational services to the student.
 - b. The information no longer needed must be destroyed at the request of the parent(s) or student who is an adult. However, a permanent record of a student's name, address, phone number, the student's grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation.
 - c. Each student's records may be considered "no longer needed to provide educational services" and may be destroyed three years after the student graduates or three years after the student turns 22 under IDEA. Medicaid requires that records be maintained for at least five years after the provision of services.

V. DISCIPLINE PROCEDURES (34 CFR § 300.530)

V.A. DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES (RULES V.A.)

1. Consistent with the requirements of Part B of the IDEA and the Rules, TECS shall establish, maintain, and implement policies and procedures for disciplining students with disabilities.

V.B. AUTHORITY OF SCHOOL PERSONNEL (34 CFR § 300.530(A–C); RULES V.B.)

1. School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a student with a disability who violates a code of student conduct.
2. School personnel may remove a student with a disability who violates a code of student conduct from the student's current placement to an appropriate interim alternative educational setting (IAES), another setting, or suspension, for not more than ten consecutive school days (to the same extent those alternatives are applied to students without disabilities), and for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct, (as long as those removals do not constitute a change of placement because of disciplinary removal as set forth in 34 CFR § 300.536 and Rules V.D.).
3. After a student with a disability has been removed from the student's current placement for ten school days in the same school year, during any subsequent days of removal TECS must provide services to the extent required under 34 CFR § 300.530(d) and Rules V.C.
4. For disciplinary changes in placement that would exceed ten consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the student's disability, school personnel may apply the relevant disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities, except after the tenth day of removal that constitutes a change in placement, TECS must provide services to the student as outlined in Rule V.C.

V.C. SERVICES (34 CFR § 300.530(D); RULES V.C.)

1. A student with a disability who is removed from the student's current placement must:
 - a. Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP; and
 - b. Receive, as appropriate, an FBA, and behavior intervention services and modifications that are designed to address the behavior violation so that it does not recur.

2. The services may be provided in an IAES.
3. TECS is only required to provide services during periods of removal to a student with a disability who has been removed from the student's current placement for ten school days or less in that school year if it also provides services to a student without disabilities who is similarly removed.
4. After a student with a disability has been removed from the student's current placement for ten school days in the same school year, if the current removal is for not more than ten consecutive school days and is not a change of placement under 34 CFR § 300.536 and Rules V.D., school personnel, in consultation with at least one of the student's teachers, determine the extent to which services are needed, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP.
5. If the removal is a change of placement, the student's IEP Team determines appropriate services to be provided during the removal.

V.D. CHANGE OF PLACEMENT DUE TO DISCIPLINARY REMOVALS (34 CFR § 300.536; RULES V.D.)

1. For purposes of removals of a student with a disability from the student's current educational placement, a change of placement occurs if:
 - a. The removal is for more than ten consecutive school days, including shortened school days; or
 - b. The student has been subjected to a series of removals that constitute a pattern, including shortened school days:
 - (1) Because the series of removals total more than ten school days in a school year;
 - (2) Because the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals; and
 - (3) Because of such additional factors as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another.
2. As used in the Rules, shortened school days occur when a student's school day is reduced solely by school personnel in response to the student's behavior for disciplinary purposes, rather than the student's IEP team or placement team for that student to receive a FAPE.
 - a. In general, the use of informal removals to address a student's behavior, if implemented repeatedly throughout the school year, could constitute a disciplinary removal from the current placement. Therefore, the discipline procedures in 34 C.F.R. §§ 300.530 through 300.536 and Rules V. would generally apply unless all three of the following factors are met:

- (1) The student is afforded the opportunity to continue to appropriately participate in the general curriculum;
 - (2) The student continues to receive the services specified on the student's IEP; and
 - (3) The student continues to participate with nondisabled children to the extent they would have in their current placement. 71 Fed. Reg. 46715 (Aug. 14, 2006).
3. TECS determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.

V.E. MANIFESTATION OF DETERMINATION (34 CFR § 300.530(E–G, I); RULES V.E.)

1. Within ten school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the LEA, the parent or adult student, and relevant members of the student's IEP Team (as determined by the parent and the LEA) must review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parent(s) or adult student to determine:
 - a. If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
 - b. If the conduct in question was the direct result of TECS's failure to implement the IEP.
2. The conduct must be determined to be a manifestation of the student's disability if the LEA, the parent or student who is an adult, and relevant members of the student's IEP Team determine that:
 - a. The misconduct was caused by or had a direct and substantial relationship to the student's disability; or
 - b. The misconduct was the direct result of TECS's failure to implement the IEP.
3. If the LEA, the parent or student who is an adult, and relevant members of the student's IEP Team determine that the misconduct was the direct result of the TECS's failure to implement the IEP, TECS must take immediate steps to remedy those deficiencies.
4. If the LEA, the parent(s) or student who is an adult, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the student's disability, the IEP Team must:
 - a. Either:
 - (1) Conduct a functional behavior assessment (FBA), unless TECS had conducted a FBA before the behavior that resulted in the change of placement occurred, and implement a BIP for the student; or

- (2) If a BIP has already been developed, review the BIP, and modify it, as necessary, to address the behavior;
 - b. And, unless the misconduct falls under the definition of special circumstances in Rules V.E.5., return the student to the placement from which the student was removed, unless the parent or adult student and the LEA agree to a change of placement as part of the modification of the BIP.
5. Special circumstances.
- a. School personnel may remove a student to an IAES for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:
 - (1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the TECS;
 - (2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction TECS;
 - (3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of TECS.
 - b. Definitions.
 - (1) For purposes of this section, the following definitions apply:
 - (a) *Controlled substance* means a drug or other substance that cannot be distributed without a prescription, identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 USC § 812(c)).
 - (b) *Illegal drug* means a controlled substance but does not include a drug controlled, possessed, or used under the supervision of a licensed health-care professional or one legally possessed or used under the Controlled Substances Act or under any other provision of Federal law (21 USC § 812).
 - (c) *Serious bodily injury* means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty (18 USC § 1365). Serious bodily injury does not include a cut, abrasion, bruise, burn, disfigurement, physical pain, illness, or impairment of the function of a bodily member, organ or mental faculty that is temporary (18 USC § 1365).
 - (d) *Weapon* means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for or is readily capable of, causing death

or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2.5 inches (18 USC § 930).

V.F. PROCEDURAL SAFEGUARDS NOTICE (34 CFR § 300.530(H); RULES V.F.)

1. On the date on which the decision is made to make a removal that constitutes a change of placement of a student with a disability because of a violation of a code of student conduct, TECS must notify the parent(s) of that decision and provide the parent(s) the procedural safeguards notice.

V.G. DETERMINATION OF SETTING (34 CFR § 300.531; RULES V.G.)

1. The student's IEP Team determines the IAES for services if the behavior that gives rise to the removal is not a manifestation of the student's disability, the removal constitutes a change of placement, or the behavior falls under the special circumstances in Rules V.E.5.

V.H. APPEALS BY PARENT OR LEA (34 CFR § 300.532; RULES V.H.)

1. The parent(s) of a student with a disability who disagrees with any decision regarding placement or the manifestation determination, or if TECS believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by filing a due process hearing complaint and requesting a hearing.
2. Authority of hearing officer.
 - a. A due process hearing officer hears and makes a determination regarding an appeal under Rules V.H.1.
 - b. In making the determination, the hearing officer may:
 - (1) Return the student with a disability to the placement from which the student was removed if the hearing officer determines that the removal was a violation of the discipline procedures under Part B of the IDEA or the Rules or that the student's behavior was a manifestation of the student's disability; or
 - (2) Order a change of placement of the student with a disability to an appropriate IAES for not more than 45 school days if the hearing officer determines that maintaining the current placement of the student is substantially likely to result in injury to the student or to others.
 - c. The appeal procedures may be repeated if TECS believes that returning the student to the original placement is substantially likely to result in injury to the student or to others.
3. Expedited due process hearing.

- a. Whenever a hearing is requested, the parent(s) or TECS in the dispute must have an opportunity for an impartial due process hearing.
- b. TECS is responsible for arranging the expedited due process hearing with the State Director of Special Education, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The hearing officer must make a determination within ten school days after the hearing.
- c. Unless the parent(s) and TECS agree in writing to waive the resolution meeting, or agree to use mediation:
 - (1) A resolution meeting must occur within seven calendar days of receiving notice of the due process complaint; and
 - (2) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of the receipt of the due process complaint.
- d. Parties may not mutually agree to extend the resolution period to resolve an expedited due process complaint. Therefore, when the parties have participated in a resolution meeting or engaged in mediation and the dispute has not been resolved to the satisfaction of both parties within 15 days of the receipt of the due process complaint, the expedited due process hearing may proceed.
- e. A hearing officer may not extend the timeline for making a determination in an expedited due process hearing.
- f. The decisions on expedited due process hearings are final, unless meeting the requirements of 34 CFR § 300.514(b) or 34 CFR § 300.516.6.

V.I. PLACEMENT DURING APPEALS (34 CFR § 300.533; RULES V.I)

1. When an appeal through a due process complaint has been made by either the parent or TECS, the student must remain in the IAES pending the decision of the hearing officer or until the expiration of the time period specified, whichever occurs first, unless the parent(s) or adult student and TECS (or USBE if appropriate) agree otherwise.

V.J. PROTECTIONS FOR STUDENTS NOT DETERMINED ELIGIBLE FOR SPECIAL EDUCATION AND RELATED SERVICES (34 CFR § 300.534; RULES V.J.)

1. A student who has not been determined to be eligible for special education and related services under Part B of the IDEA, and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this part if TECS had knowledge that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.
2. TECS must be deemed to have knowledge that a student is a student with a disability if, before the behavior that precipitated the disciplinary action occurred:

- a. The parent(s) of the student expressed concern in writing to supervisory or administrative personnel of TECS, or a teacher of the student, that the student is in need of special education and related services;
 - b. The parent(s) of the student requested an evaluation of the student pursuant to 34 CFR §§ 300.300 through 300.311; or
 - c. The teacher of the student, or other personnel of TECS, expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education of TECS or to other supervisory personnel of TECS.
3. TECS would not be deemed to have knowledge that a student is a student with a disability if:
- a. The parent(s) of the student or the student who is an adult:
 - (1) Has not allowed an evaluation of the student pursuant to 34 CFR §§ 300.300 through 300.311; or
 - (2) Has refused services under this part; or
 - b. The student has been evaluated in accordance with 34 CFR §§ 300.300 through 300.311 and determined to not be a student with a disability under Part B of the IDEA.
4. If TECS does not have knowledge that a student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the disciplinary measures applied to students without disabilities who engage in comparable behaviors.
- a. If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner.
 - (1) Until the evaluation is completed, the student remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.
 - (2) If the student is determined to be a student with a disability, taking into consideration information from the evaluation conducted by TECS and information provided by the parent(s) or adult student, TECS must provide special education and related services.

V.K. REFERRAL TO AND ACTION BY LAW ENFORCEMENT AND JUDICIAL AUTHORITIES (34 CFR § 300.535; RULES V.K.)

1. Nothing in Part B of the IDEA prohibits TECS from reporting a crime committed by a student with a disability to appropriate authorities or prevents State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a student with a disability.

2. Transmittal of records.
 - a. If TECS reports a crime committed by a student with a disability, it must ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by the appropriate authorities to whom TECS reports the crime.
 - b. If TECS reports a crime under this section, it may transmit copies of the student's special education and disciplinary records only to the extent that the transmission is permitted by FERPA.

 - b. Postsecondary transition services. For a student with a disability, ages 14 and older, or younger if determined appropriate by the IEP Team, and updated annually thereafter, the IEP must include:
 - (1) Realistic and reasonable measurable postsecondary goals based upon annual age-appropriate postsecondary transition assessments related to training or education, employment, and, where appropriate, independent living skills;
 - (2) Postsecondary transition services (e.g., activities, experiences, specially designed instruction), that will reasonably enable the student to reach the postsecondary goals identified on the IEP;
 - (3) Multi-year courses of study that will reasonably enable the student to reach the postsecondary goals identified on the IEP;
 - (4) Evidence that the student was invited to the IEP Team meeting where transition services are to be discussed. If the student does not attend the IEP meeting, the IEP Team must take other steps to ensure the student’s preferences and interests are considered;
 - (5) If appropriate, evidence that a representative of any participating agency that might be providing or paying for any postsecondary transition services was

invited to the IEP Team meeting with written consent of the parent or adult student prior to the meeting; and

- (6) Any modifications to graduation requirements, as permitted under R277-700.
 - c. Students with disabilities must have access to all school services related to college and career readiness planning and must be actively invited and included in school activities which address course planning (including online courses), graduation, and postsecondary education and employment (i.e., college week, scholarship opportunities, ACT, and concurrent enrollment) (R277-462).
6. Transfer of rights at age of majority (34 CFR §§ 300.320(c), 300.520; Rules VII.B.6).
- a. Not later than the student's 17th birthday, the IEP must include a dated statement, signed by the student, parent, and an LEA Representative, that the student and the student's parent(s) have been informed of parent's rights under Part B of the IDEA (i.e. Procedural Safeguards) that will transfer to the student on reaching the age of majority (i.e., age 18), except for a student with a disability who has been determined to be incompetent by a court.
 - b. All rights accorded to parents under Part B of the IDEA transfer to the student on the student's 18th birthday unless the IEP Team determines that:
 - (1) The parent has obtained legal guardianship, power of attorney, or conservatorship; or
 - (2) The student has married or become emancipated (in which case the rights transfer at that time).
 - c. All rights accorded to parents under Part B of the IDEA transfer to students who are incarcerated in an adult or juvenile State or local correctional institution.
 - d. When a student with a disability reaches the age of majority under State law (i.e., age 18) that applies to all students, except for a student with a disability who has been determined to be incompetent under State law, or the student with a disability marries or becomes emancipated:
 - (1) TECS must provide any notice required by Part B of the IDEA to both the individual and the parent(s); and
 - (2) All other rights accorded to parents under Part B of the IDEA transfer to the student;
 - (3) All rights accorded to parents under Part B of the IDEA transfer to students who are incarcerated in an adult or juvenile State or local correctional institution; and
 - e. Whenever a state transfers rights, TECS must notify the individual and the parent(s) of the transfer of rights within a reasonable time frame.
7. Termination of eligibility as a change of placement (34 CFR § 300.305; Rules VII.B.7).

- a. An evaluation is not required before the termination of a student’s eligibility under this part due to graduation from secondary school with a regular high school diploma, or due to exceeding the age of eligibility for FAPE under Utah law.
 - b. For a student whose eligibility terminates due to graduation from secondary school with a regular diploma, or due to exceeding the age of eligibility for FAPE under Utah law, TECS must provide the student with a summary of the student’s academic achievement and functional performance which shall include a statement of the student’s postsecondary goals, recommendations on how to assist the student in meeting the student’s postsecondary goals, and a statement of when and how accommodations were used for instruction and assessment.
 - (1) TECS develops the summary of student’s academic achievement and functional performance with the IEP Team and additional individuals as appropriate (e.g., school counselors, CTE teachers, Pre- Employment Transition Service representatives).
 - c. Receipt of a general educational development (GED) credential does not end eligibility for FAPE.
8. Failure to meet postsecondary transition objectives (34 CFR § 300.324; Rules VII.B.8)
- a. If a participating agency, other than TECS, fails to provide the postsecondary transition services described in the IEP, TECS must reconvene the IEP Team to identify alternative strategies to meet the postsecondary transition objectives for the student set out in the IEP.
 - b. Nothing relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any postsecondary transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that LEA (34 CFR § 300.324).
 - c. If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy or an interagency agreement, to provide or pay for any services that are also considered special education or related services such as, but not limited to, services relating to assistive technology devices, assistive technology services, related services, supplementary aids and services, and postsecondary transition services, that are necessary for ensuring a FAPE to students with disabilities within the State, the public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement or as provided in an interagency agreement.
9. Students with disabilities in adult prisons (34 CFR § 300.324; Rules VII.B.9).
- a. The requirements relating to postsecondary transition planning and postsecondary transition services do not apply with respect to those students whose eligibility under Part B of the IDEA will end, because of their age, before they will be eligible to be

released from prison based on consideration of their sentence and eligibility for early release.

- b. The obligation to make FAPE available to all students with disabilities does not apply with respect to students ages 18 through 21 to the extent that State law does not require that special education and related services under Part B of the IDEA be provided to students with disabilities who, in the last educational placement prior to their incarceration in an adult correctional facility (34 CFR § 300.102):
 - (1) Were not actually identified as being a student with a disability; and
 - (2) Did not have an IEP under Part B of the IDEA.
- c. The exception does not apply to students with disabilities ages 18 through 21 who:
 - (1) Had been identified as a student with a disability and had received services in accordance with an IEP, but who left school prior to their incarceration; or
 - (2) Did not have an IEP in their last educational setting, but who had actually been identified as a student with a disability.

VII.B. GRADUATION (UCA 53E-7-202; R277-705; RULES VII.C.)

- 1. The obligation of TECS to make FAPE available to all students with disabilities does not apply to students with disabilities who have graduated from high school with a regular high school diploma (34 CFR §300.102(a)(3)(i)).
 - a. The exception in the Rules VII.C.1 does not apply to students that have graduated from high school but have not been awarded a regular high school diploma (34 CFR § 300.102(a)(3)(ii)).
 - b. TECS may not withhold a regular high school diploma from a student who has met State or LEA graduation requirements.
 - c. Graduation from high school with a regular high school diploma constitutes a change in placement, requiring prior written notice that must contain all the requirements in the Rules IV.D, including being given a reasonable time before the LEA proposed to terminate the student’s eligibility under the IDEA by issuing the student a diploma (34 CFR § 300.503).
 - d. The term “regular high school diploma” does not include an alternative degree that is not fully aligned with the State's academic standards, such as a certificate or a GED (34 CFR § 300.102(a)(3)(iv)).
- 2. A student with a disability served by a special education program shall satisfy high school completion or graduation criteria, consistent with State and federal law and the student's IEP. TECS may modify graduation requirements consistent with the student’s IEP (R277-700-6(25)). TECS may award a student a certificate of completion consistent with state and federal law and the student's IEP.

3. The IEP Team must refer to the USBE Special Education Graduation Guidelines for additional information regarding modifying graduation requirements and IEP substitutions.

VII.C. TERMINATION OF SERVICES UPON REACHING AGE 22 (UCA 53E-7-201; R277-419-2(23)(B); RULES VII.D.)

1. If a student with a disability turns 22 any time after July 1, TECS must continue to provide FAPE until the end of that school year.

VIII. RESPONSIBILITIES OF THE UTAH STATE BOARD OF EDUCATION

VIII.A. GENERAL SUPERVISORY AUTHORITY (RULES VIII.A.)

1. In addition to the requirements listed below, TECS provides data as required for State and Federal reports and other State functions as listed in Rules VIII.
2. LEA special education program funding (Rules VIII.A.3)
 - a. TECS shall provide, either singly or in cooperation with other school districts or public institutions, a FAPE for all students with disabilities who are residents of the public charter school. The program shall include necessary special facilities, instruction, and education-related services. The costs of TECS's program, or share of a joint program, shall be paid from LEA funds.
 - b. TECS shall receive funds under UCA 53F-2-1, State Funding--Minimum School Program (MSP), and other applicable laws to provide special education services in accordance with the Rules.
 - c. TECS may, singly or in cooperation with other public entities, provide education and training for persons with disabilities who are younger than 3 or older than 22. The cost of such a program may be paid from fees, contributions, and other funds received by LEA for support of the program but may not be paid from public education funds.
 - d. The requirements of Part B of the IDEA and the Rules are binding on each LEA and other public agency that has direct or delegated authority to provide special education and related services in the State of Utah.

VIII.B. STATE ELIGIBILITY (RULES VIII.B.)

1. Program options (34 CFR § 300.110; Rules VIII.B.3).
 - a. TECS takes steps to ensure that its students with disabilities have available to them the variety of educational programs and services available to students who are nondisabled in the area served by the agency, including art, music, industrial arts, consumer and homemaking education, and vocational education.

VIII.C. USBE PROGRAM MONITORING (RULES VIII.D.2-3.)

1. TECS is involved in the UPIPS monitoring system, as required under Part B of the IDEA, R277-709, and R277-114-3.
 - a. TECS shall complete the required activities according to the timeline provided by the USBE staff.
2. Results of the monitoring process are publicly available, upon request.t.

VIII.D. PERSONNEL QUALIFICATIONS (34 CFR § 300.156; RULES VIII.K.3-5.)

1. Qualifications for special education teachers (34 CFR § 300.156; R277-301).
 - a. The USBE and IDEA established qualifications for each person employed as a public school special education teacher in the State who teaches in an elementary school, middle school, or secondary school.
 - b. The qualifications established by USBE and IDEA ensure that each person employed as a public school special education teacher in the State who teaches in an elementary school, middle school, or secondary school—
 - (1) Has obtained full State certification as a special education teacher (including certification obtained through an alternate route to certification as a special educator, if such alternate route meets minimum requirements described in 34 CFR 200.56(a)(2)(ii)), or passed the State special education teacher licensing examination, and holds a license to teach in the State as a special education teacher;
 - (2) Has not had special education certification or licensure requirements waived on an emergency, temporary, or provisional basis; and
 - (3) Holds at least a bachelor's degree.
 - c. A teacher will be considered to meet the standard of this section if that teacher is participating in an alternate route to special education certification program under which:
 - (1) The teacher:
 - (a) Receives high-quality professional development that is sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction, before and while teaching;
 - (b) Participates in a program of intensive supervision that consists of structured guidance and regular ongoing support for teachers or a teacher mentoring program;
 - (c) Assumes functions as a teacher only for a specified period of time not to exceed three years; and
 - (d) Demonstrates satisfactory progress toward full certification as prescribed by the State; and
 - (2) The State ensures, through its certification and licensure process, that the provisions of this section are met.
 - d. An adapted physical education endorsement, attached to a general or special education license, is requirement for educators to teach adapted physical education.

2. Related services personnel and paraeducators (R277-301, R277-306, and R277- 324).
 - a. The qualifications include qualifications for related services personnel and paraeducators that:
 - (1) Are consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services; and
 - (2) Ensure that related services personnel who deliver services in their discipline or profession:
 - (a) Meet the requirements; and
 - (b) Have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and
 - (3) Allow paraeducators and assistants who are appropriately trained and supervised, in accordance with State law, regulation, or written policy, in meeting the requirements of this part, to be used to assist in the provision of special education and related services under Part B of the IDEA to students with disabilities.
 - (4) Interpreters for the Deaf.
 - (a) Under UCA 35A-13-604, an individual is required to be certified as an interpreter if that individual provides interpreter services for students who are deaf and hard of hearing.
3. Notwithstanding any other individual right of action that a parent, student who is an adult, or student may maintain under this part, nothing in this part shall be construed to create a right of action on behalf of an individual student or a class of students for the failure of the USBE or TECS, or other public agency employee to be highly qualified, or to prevent a parent or adult student from filing a State complaint or due process complaint about staff qualifications with the State Director of Special Education.

VIII.E. REPORTING ON SUSPENSION AND EXPULSION RATES (34 CFR § 300.170; RULES VIII.M.)

1. Through daily uploads, TECS shall report to the USBE staff, through the UTREx reporting system, on the rates of long-term suspensions and expulsions of students with disabilities and students who are nondisabled, including data disaggregated by race and ethnicity. The USBE staff shall examine these data to determine if significant discrepancies are occurring:
 - a. Between students who are nondisabled and students with disabilities within TECS.
2. If discrepancies are occurring, the USBE staff shall review and, if appropriate, require revisions in both USBE and LEA policies, procedures, and practices to ensure compliance with Part B of the IDEA.

3. Policies, procedures, and practices to be reviewed and, if appropriate, revised, include:
 - a. The development and implementation of IEPs;
 - b. The use of positive behavior interventions and supports; and
 - c. Procedural safeguards.

VIII.F. PROHIBITION ON MANDATORY MEDICATION (34 CFR § 300.174; RULES VIII.X.)

1. The USBE prohibits State and TECS personnel from requiring parents to obtain a prescription for substances identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act for a student as a condition of attending school, receiving an evaluation, or receiving services under Part B of the IDEA (21 USC § 812(c)).
2. Nothing in Rules VIII.X.1. shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom- based observations with parent(s) regarding a student's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services related to child find.

IX. LEA ELIGIBILITY AND RESPONSIBILITIES

IX.A. LEA ELIGIBILITY FOR IDEA PART B FUNDS (34 CFR §§ 300.211–212, 220; RULES IX.A.)

1. Federal special education funding is made available through a grant to the state from the OSEP. These funds are restricted and may only be used to provide services and program for students who qualify under Part B of the IDEA. Funds are available for students who are 3–5 (section 619 Preschool) and for students age 3–21 (section 611 School-Age). Some funds are retained at the state level for administration and for state level activities. The remaining funds are distributed to Utah Local Education Agencies (LEAs) by formula.
2. Annually, the USBE staff shall notify TECS of the availability of Federal funds under Part B of the IDEA. In order to receive IDEA Part B flow-through funds, TECS must have in effect a USBE-approved special education program (Rules X.B.2.), including policies and procedures that are consistent with the Rules.
3. TECS must have a USBE-approved special education program (UCA 53F-2-307). TECS’s program is approved by the state board when TECS’s special education policies and procedures are approved by the USBE special education staff and then by TECS’s local board in a public meeting. The LEA must submit documentation of the local board’s approval to the USBE special education staff.
4. The USBE approval of TECS’s policies and procedures includes the approval of any supporting documentation necessary to ensure their implementation. All required minimum components of Rules IX.A.4.a-e are addressed in this policies and procedures manual.
5. As part of establishing eligibility for Part B funds, TECS must have revised policies and procedures in alignment with the IDEA 2004 final regulations and current rules within one year of the final Board approval of the Rules.
6. Policies and procedures submitted by TECS in accordance with this section, and approved by the USBE staff, remain in effect until any of the following occur (34 CFR § 300.220):
 - a. TECS submits modifications to the USBE staff that the USBE or LEA determines are necessary;
 - (1) The provisions of the Rules apply to any modifications in an LEA’s policies and procedures in the same manner and to the same extent as the LEA’s original policies and procedures.
 - b. The USBE staff gives TECS notice of a new interpretation of the IDEA by Federal or State courts, or a change in Federal statute; or
 - c. There is an official finding of noncompliance with Federal or State law or regulations that requires a change in TECS’s policy and procedures.

7. TECS must have on file with the USBE staff information to demonstrate that it will make available to parents of students with disabilities and to the general public all documents relating to the eligibility of the LEA under Part B of the IDEA (34 CFR § 300.212).
8. TECS creates annual improvement goals based on the State Performance Plan (SPP) and Annual Performance Report (APR) Indicators to improve outcomes for students with disabilities (Rules IX.A.4.d(2)(s)).
9. TECS collects and provides additional information which the USBE may require in order to meet Federal reporting requirements, including suspension and expulsion rates, LRE environments, disproportionality data, personnel information, and others (Rules IX.A.4.e.).

IX.B. USE OF PART B FEDERAL FUNDS BY THE LEA (34 CFR §§ 300.200–206, 208; RULES IX.B.)

1. TECS submits a plan that provides assurances to the USBE that TECS meets each of the conditions in this section (34 CFR § 300.200).
2. TECS, in providing for the education of students with disabilities within its jurisdiction, must have in effect policies, procedures, and programs that are consistent with the State policies and procedures established in Rules (34 CFR § 300.201).
3. Use of amounts (34 CFR § 300.202).
 - a. TECS must have on file with the USBE staff information to demonstrate that amounts provided to the LEA under Part B of the IDEA:
 - (1) Must be expended in accordance with the applicable provision of the Rules;
 - (2) Must be used only to pay the excess costs of providing special education and related services to students with disabilities consistent with the Rules; and
 - (3) Must be used to supplement State, local, and other Federal funds and not to supplant those funds.
4. The excess cost requirement prevents TECS from using funds provided under Part B of the IDEA to pay for all the costs directly attributable to the education of a student with a disability.
5. TECS meets the excess cost requirement if it has spent at least a minimum average amount for the education of its students with disabilities before funds under Part B of the IDEA are used.
6. Maintenance of effort (MOE) (34 CFR § 300.203).
 - a. Eligibility standard.
 - (1) For purposes of establishing TECS’s eligibility for an award for a fiscal year, the USBE must determine that TECS budgets for the education of students with disabilities for at least the same amount, from at least one of the following

sources, as the LEA spent for that purpose from the same source for the most recent fiscal year for which information is available:

- (a) Local funds only;
 - (b) The combination of State and local funds;
 - (c) Local funds only on a per capita basis; or
 - (d) The combination of State and local funds on a per capita basis.
- (2) When determining the amount of funds that TECS must budget to meet the requirement in the Rules IX.B.6.a.(1), TECS may take into consideration, to the extent the information is available, the exceptions and adjustment provided in 34 CFR §§ 300.204 and 300.205 that TECS:
- (a) Took in the intervening year or years between the most recent fiscal year for which information is available and the fiscal year for which TECS is budgeting; and
 - (b) Reasonably expects to take in the fiscal year for which TECS is budgeting.
- (3) Expenditures made from funds provided by the Federal government for which the USBE is required to account to the Federal government or for which TECS is required to account to the Federal government directly or through the USBE may not be considered in determining whether TECS meets the standard in Rules IX.B.6.a.(1).
- b. Compliance standard.
- (1) Except as provided in 34 CFR §§ 300.204 and 300.205, funds provided to TECS under Part B of the IDEA must not be used to reduce the level of expenditures for the education of students with disabilities made by TECS from local funds below the level of those expenditures for the preceding fiscal year.
 - (2) TECS meets this standard if it does not reduce the level of expenditures for the education of students with disabilities made by TECS from at least one of the following sources below the level of those expenditures from the same source for the preceding fiscal year, except as provided in 34 CFR §§ 300.204 and 300.205:
 - (a) Local funds only;
 - (b) The combination of State and local funds;
 - (c) Local funds only on a per capita basis; or
 - (d) The combination of State and local funds on a per capita basis.
 - (3) Expenditures made from funds provided by the Federal government for which the USBE is required to account to the Federal government or for which TECS is

required to account to the Federal government directly or through the USBE may not be considered in determining whether an LEA meets the standard of Rules IX.B.6.b.(1) and IX.B.6.b.(2).

c. Subsequent years.

- (1) If, in the fiscal year beginning on July 1, 2013 or July 1, 2014, TECS fails to meet the requirements of 34 CFR § 300.203 in effect at that time, the level of expenditures required of TECS for the fiscal year subsequent to the year of the failure is the amount that would have been required in the absence of that failure, not TECS's reduced level of expenditures.
- (2) If, in any fiscal year beginning on or after July 1, 2015, TECS fails to meet the requirement of Rules IX.B.6.b.(2)(a) or IX.B.6.b.(2)(c) and TECS is relying on local funds only, or local funds only on a per capita basis, to meet the requirements of Rules IX.B.6.a or IX.B.6.b, the level of expenditures required of TECS for the fiscal year subsequent to the year of the failure is the amount that would have been required under Rules IX.B.6.b.(2)(a) or IX.B.6.b.(2)(c) in the absence of that failure, not TECS's reduced level of expenditures.
- (3) If, in any fiscal year beginning on or after July 1, 2015, TECS fails to meet the requirement of Rules IX.B.6.b.(2)(b) or IX.B.6.b.(2)(d) and TECS is relying on the combination of State and local funds, or the combination of State and local funds on a per capita basis, to meet the requirements of Rules IX.B.6.a or IX.B.6.b, the level of expenditures required of TECS for the fiscal year subsequent to the year of the failure is the amount that would have been required under Rules IX.B.6.b.(2)(b) or IX.B.6.b.(2)(d) in the absence of that failure, not TECS's reduced level of expenditures.

d. Consequence of failure to maintain effort.

- (1) If TECS fails to maintain its level of expenditures for the education of students with disabilities in accordance with Rules IX.B.6.b, the USBE is liable in a recovery action under section 452 of the GEPA (20 USC § 1234a) to return to the Department, using non-Federal funds, an amount equal to the amount by which TECS failed to maintain its level of expenditures in accordance with Rules IX.B.6.b. in that fiscal year, or the amount of TECS's Part B subgrant in that fiscal year, whichever is lower.
- (2) If the USBE is required to return funds to the Department because of TECS's failure to meet the Maintenance of Effort requirement, the USBE shall reduce the amount provided to the TECS's MSP Basic Program on a 1/12 basis.

7. Exception to maintenance of effort (34 CFR § 300.204).

- a. TECS may reduce the level of expenditures by TECS under Part B of the IDEA below the level of those expenditures for the preceding fiscal year if the reduction is attributable to any of the following:
 - (1) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
 - (2) A decrease in the enrollment of students with disabilities.
 - (3) The termination of the obligation of TECS, consistent with this part, to provide a program of special education to a particular student with a disability that is an exceptionally costly program, as determined by the USBE staff, because the student:
 - (a) Has left the jurisdiction of TECS;
 - (b) Has reached the age at which the obligation of TECS to provide a FAPE to the student has terminated; or
 - (c) No longer needs the program of special education.
 - (4) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
 - (5) The assumption of cost by the high-cost fund (i.e., Intensive Services fund) operated by the USBE staff.
8. Adjustment to local fiscal efforts in certain fiscal years (34 CFR § 300.205).
 - a. For any fiscal year for which the allocation received by TECS under Part B of the IDEA exceeds the amount TECS received for the previous fiscal year, TECS may reduce the level of expenditures otherwise required by maintenance of efforts requirements by not more than 50 percent of the amount of that excess.
 - b. Use of amounts to carry out activities under ESEA/ESSA.
 - (1) If TECS exercises the authority to reduce the level of expenditures due to an increase in Part B funds, TECS must use an amount of local funds equal to the reduction in expenditures to carry out activities that could be supported with funds under the ESEA/ESSA, regardless of whether TECS is using funds under the ESEA/ESSA for those activities.
 - c. The USBE staff must prohibit TECS from reducing the level of expenditures for a fiscal year, if the USBE staff determines that:
 - (1) TECS is unable to establish and maintain programs of FAPE that meet the requirements of Part B of the IDEA, or

- (2) The USBE staff has taken action against TECS under Section 616 of the IDEA and subpart F of the regulations (Monitoring, Technical Assistance, and Enforcement).
 - d. The amount of funds expended by TECS for mandatory or voluntary Coordinated Early Intervening Services shall count toward the maximum amount of expenditures that TECS may reduce under the requirements of this section.
9. If the USBE staff determines that TECS is not meeting the requirements of Rules, the USBE staff may prohibit TECS from treating funds received under Part B of the IDEA as local funds under this section for any fiscal year, but only if it is authorized to do so by the State constitution or State statute.
10. School-wide programs under Title I of the ESEA/ESSA (34 CFR § 300.206).
 - a. TECS may use funds received under Part B of the IDEA for any fiscal year to carry out a school-wide program under section 1114 of the ESEA/ESSA, except that the amount used in any school-wide program may not exceed the amount received by TECS under Part B of the IDEA for that fiscal year:
 - (1) Divided by the number of students with disabilities in the jurisdiction of the LEA; and
 - (2) Multiplied by the number of students with disabilities participating in the school-wide program.
 - b. The funds described in this section must be considered as Federal Part B funds for purposes of the calculations required for excess costs and supplanting.
 - c. The funds may be used without regard to the requirements of 34 CFR § 300.202(a)(1) of the IDEA.
 - d. All other requirements of Part B of the IDEA must be met by TECS using Part B funds for school-wide programs under section 1114 of the ESEA/ESSA, including ensuring that students with disabilities in school-wide program schools:
 - (1) Receive services in accordance with a properly developed IEP; and
 - (2) Are afforded all of the rights and services guaranteed to students with disabilities under Part B of the IDEA.A.

IX.C. CHARTER SCHOOLS AND THEIR STUDENTS (34 CFR § 300.209; RULES IX.C.)

1. Students with disabilities ages 3 through 21 who attend public charter schools and their parent(s) or adult students retain all rights under Part B of the IDEA and the Rules.
2. If the public charter school is an LEA that receives funding under Part B or State special education funding, that charter school is responsible for ensuring that all of the requirements of Part B of the IDEA and the Rules are met. Charter schools may not refer

potential or enrolled students with disabilities back to their school district of residence due to a disability, child find, or need for special education and related services, including placements.

3. If the public charter school is not an LEA receiving funding under Part B or State special education funding, or a school that is part of an LEA receiving funding under Part B or State special education funding, the USBE is responsible for ensuring that the requirements of Part B and the Rules are met.
 - a. Nothing in the Rules prohibit school districts and charter schools from developing a Memorandum of Understanding (MOU) to address student specific needs and/or placements.

IX.D. COORDINATED EARLY INTERVENING SERVICES (CEIS) (34 CFR § 300.226; RULES IX.D.)

1. TECS may not use more than 15 percent of the amount TECS receives under Part B of the IDEA for any fiscal year, less any amount reduced by the LEA pursuant to maintenance of effort, if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated early intervening services (CEIS), which may include interagency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade three) who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment.
2. In implementing CEIS, TECS may carry out activities that include:
 - a. Professional learning (which may be provided by entities other than LEAs) for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavior interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and
 - b. Providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.
